

## THIN OUT GERMANS, FRENCH PROPOSE

VACATION MAY  
BE PASSED UP  
BY CONGRESSLAWMAKERS EXPECT  
TO BE BUSY OVER  
EASTER TIME

BY WILLIAM F. ARBOGAST  
Washington, March 15 (AP)—Congress, laboring under world troubles and difficulties at home, may pass up an Easter recess.

Easter comes April 6. The house may get through legislation on President Truman's request to bulwark Greece and Turkey against Communism well ahead of that date. Informed opinion is that senate discussions, however, may run past Easter. The official goal for a vote still is March 31.

Republican leaders plan to keep the senate running until the matter is disposed of. Since both branches of congress must approve any formal recess, this alone could prevent a spring holiday.

The senate, which has been criticized by Senator Bushfield (R-SD) for getting little done under its Republican leadership, next week will start holding sessions every day and perhaps some at night. It has been meeting on Mondays, Wednesdays and Fridays.

## Lillenthal Fight Coming

The present pending business in the senate is the controversial bill to bar portal-to-portal pay suits. That out of the way, perhaps next week, debate will start on the nomination of David Lillenthal to be chairman of the Atomic Energy Commission.

Senator Hickenlooper (R-Iowa) chairman of the senate atomic energy committee, predicted that Republicans would take up not more than six hours of debate on Lillenthal and the Democrats eight hours. This was in contrast with the statement of Senator McKellar (D-Tenn) that he is going to have plenty to say against Lillenthal and that the senate is in for "the damndest fight it has ever seen."

From the house angle, the prospects of an Easter recess depend on the speed in handling major bills dealing with tax reduction, extension of sugar controls, continuation of several war powers and labor unions.

Rep. Halleck of Indiana, the Republican floor leader, told reporters that before any recess plans are made, the party leadership wants to dispose of the first three bills and have a definite schedule set up on labor legislation.

Elephant Pushes  
Lansing Cab Around

Lansing, Mich., March 15 (AP)—A playful elephant gave an unidentified taxi-cab driver the time of his life today.

The cab driver, pulled up at an indoor circus and went inside to hustle a fare or two as the performance ended.

When he came back, there was Queenie, one of the show's elephants, doing her best to get into the open cab.

Frustrated by the fact of her size, Queenie placed one ponderous foot on the running board and began rocking the cab like a cradle.

The harassed driver jumped behind the wheel. He tried to drive away. At that moment Queenie, still having fun, wrapped her trunk around a front fender and yanked the cab up on its hind wheels.

A trainer dashed up then and a docile Queenie walked away with him. The cab driver shook his head and drew a long, long breath.

## Weather

Reported by U. S. Weather Bureau

LOWER MICHIGAN: Frequent snow flurries Monday; generally fair Monday; continued cold.

UPPER MICHIGAN: Mostly cloudy with snow flurries in northeast portion Sunday; fair Monday; continued cold.

RENT CONTROL  
ISSUE TO COOLSenate Delay Leaves  
Ceilings In Hands  
Of Dying OPA

BY EDWIN B. HAAKINSON  
Washington, March 15 (AP)—Senate Republicans leaders said privately today that the question of continuing rent controls probably will be allowed to cool the rest of this month.

Senator Lucas (D-Ill.) meanwhile tried to keep the issue hot, suggesting tauntingly that the GOP leaders in control "try to agree" on what to do.

Lucas commented to reporters that any flat and general increase in rent ceilings would stir up a lot of argument.

If the "cooling-off" decision prevails, OPA would continue to administer rent controls pending agreement on another course of action.

Sensors Taft (R-Ohio) and McCarthy (R-Wis) are trying to work out a rent extension plan which would (1) remove rent controls from OPA, (2) continue them into next year, (3) allow quicker relief to "hardship cases" of some landlords, and (4) avoid any general increase in all rents.

At present OPA is authorized to continue rent controls through June 30 of this year. Its officials say, however, that reduced funds voted by Congress may force them out of business before the end of April.

Senate Checks Over  
635 Postmastership  
Choices By Truman

Washington, March 15 (AP)—Senate Republicans voted today to look into 635 pending postmaster appointments by President Truman to see whether the appointees were chosen on merit or because they were Democrats.

Senator Taft (R-Ohio), chairman of the Senate Republican policy committee, told reporters that it voted "general approval" of a resolution to investigate appointment methods.

Not one of the postmaster appointments sent to the Senate by the president since Congress met in January has been acted on. Reappointments have gone on serving and drawing pay, but new appointees have not been able to take office.

Seagoing Unions  
Reject Communists

Washington, March 15 (AP)—An announcement from a conference of ten Maritime unions said today that "with very few dissenters" it had adopted a resolution calling on all seagoing unions "to reject Communists."

The unions represented — AFL, CIO and independent—claim a combined membership of 200,000. The vote on the Communism issue was not disclosed and it could not be learned who dissented.

It's A Great Day;  
Irish Shamrocks  
Are Made In Japan

Savannah, Ga., March 15 (AP)—Sure, now, and Monday and is going to be a great day for Irish, though the world is a bit askew, 'tis true.

The shamrocks for the celebration of St. Patrick's Day here arrived today. They were stamped, "Made in Japan."

Ice Crusher Opens  
Navigation To Soo

Sault Ste. Marie, Mich., March 15 (AP)—Navigation in St. Mary's river opened today at 1 p.m. with the arrival of the buoy tender Tamarack from Cleveland, accompanied by the Coast Guard ice crusher Mackinaw.

The Mackinaw, which accompanied the Tamarack most of the way from Cleveland, crushed through heavy ice most of the way up the St. Mary's river.

The Tamarack, which replaces the old tender Alpena, will set out navigation aids as soon as the ice leaves the river.

The Mackinaw is to return to her base at Cheboygan after taking on supplies accompanied by the Cutter Tahoma, which is returning to Grand Haven after keeping international ferry lanes open here this winter.

FLAT TAX CUT  
BILL IN BATTLEMeasure Favors Rich  
Man, Says Michigan  
Representative

Washington, March 15 (AP)—Rep. Knutson (R-Minn) announced today he will try to bring his bill for a flat 20 percent income tax cut before the house March 24 under a rule barring any changes, and ran into a fight.

Rep. Engel (R-Mich)—calling it "a rich man's bill," told newsmen he will battle any such maneuver with a motion to send the whole measure back to the ways and means committee with instructions to change it so as to give the small-er taxpayers the greatest benefits.

Moreover, the rules committee would have to pass upon the procedure Knutson seeks. And its chairman, Rep. Allen (R-Ill.), opposes granting a flat 20 percent cut to every taxpayer.

Engel declared that "if there is to be tax relief we must think first of the fellow who is hard-pressed to buy his bread and butter."

Engel also argued that tax-cutting legislation should be delayed "until we know where we are going." He pointed to new world developments, particularly the president's message on aid to Greece and Turkey.

"We ought to wait until after June 30, when all the appropriations are in and we know what our expenditures will be," he said.

Reward Of \$41,115  
Fails To Net Clue  
In McNear Murder

Peoria, Ill., March 15 (AP)—Reward for the assassin of Railroad President George P. McNear rose to \$41,115 today, but failed to produce any immediate break in the case.

Investigators who said earlier that their search for the shotgun slayer of the Toledo, Peoria & Western Railroad executive had settled down to "routine plugging" had no progress to report.

A new reward of \$2,500 was offered today by the Williamette-Hyster Co., Peoria manufacturers of railroad equipment. Various groups offered smaller rewards.

The T. P. & W. has offered \$25,000 for information leading to the arrest and conviction of the slayer, McNear, 35, was slain March 10.

SPURNS KISSES,  
GIRL IS KNIFEDMarried Man Slashes  
Wyandotte School  
Student In Neck

Detroit, March 15 (AP)—A pretty 16-year-old Wyandotte high school girl was in serious condition today, after police said she was slashed in the neck by a married man whose kisses she had spurned.

Hospital authorities said the victim, Theresa Callahan, is suffering from a five-inch throat gash, shock and bruises. She was described as "holding her own."

Wyandotte police said they will seek a warrant Monday charging 22-year-old Herbert Grahl, husband of a 21-year-old girl and father of a child, with assault to commit murder.

Police Lt. Fred Janneck said Grahl admitted knifing Miss Callahan after she said she did not wish to see him again because he was married.

Miss Callahan's story, according to Assistant Prosecutor Alfred Sawoya, was as follows:

"He tried to kiss me and I wouldn't let him. I shoved him away and he tried to kiss me again. I told him if he didn't let me alone I'd tell his wife."

"Then he hit me and knocked me into the ditch. So I said 'Now I am going to tell your wife.'"

"He came in the ditch after me and said 'Now I'm going to shut you up.' He jumped on me and pulled out his knife and cut me."

"After that he picked me up and dragged me and I don't know what happened."

Planes Hunt 12 Men  
Adrift In Liferaft  
From Pacific Wreck

Honolulu, March 15 (AP)—Eight long-range rescue planes searched 2,000 square miles of the central Pacific today for 12 men in a lifeboat from the wrecked tanker Fort Dearborn.

Twenty-two other members of the Fort Dearborn crew, who were backing the stern section of the ship on a creeping, 1,100 mile southeasterly course towards Honolulu, signaled that they wanted to abandon their perilous conveyance.

The Navy's amphibious group command ship E. Dorado, which was shepherding the stern, notified the Hawaiian Sea Frontier, however, that the sea was too rough to attempt to lower boats and take the men off unless the hull should start to break up.

A message from the Fort Dearborn's captain, R. H. Mahoney of Corpus Christi, Tex., made clear that the crew totaled 44, instead of 42, as previously reported.

## JAMES ROOSEVELT ILL

Long Beach, Calif., March 15 (AP)—James Roosevelt, chairman of the California Democratic state central committee, is suffering from a recurrence of tropical fever and his physician, Dr. Thomas P. Foltz, has ordered him to take a complete rest for at least 10 weeks.

News of the illness became public today as Roosevelt was forced to cancel a speaking engagement here for Tuesday night.

STATE BONUS  
FORMS READY  
FOR PRINTERSADJUTANT GENERAL  
GETS STAFF SET  
FOR SPEED

Lansing, March 15 (AP)—Action by the state administrative board is all that is needed to send 1,000,000 veterans' bonus application forms to the printers and start the bonus machinery, Brig. Gen. LeRoy Pearson, adjutant general of Michigan, disclosed today.

Gen. Pearson said his staff is ready to act swiftly to process and certify applications as soon as administrative funds and personnel have been authorized by the administrative board.

Eight different application forms have been drawn to comply with the requirements of the bonus law and the advice of the attorney general, the announcement said. Separate forms must be filed by former members of the Army, Navy, Marines and Coast Guard, while four beneficiary forms have been ordered for guardians, husbands of wives, children over 21 and other dependents of deceased veterans.

Office Space Cramped  
Col. Glenn B. Arnold, of Espionage, deputy director of the state selective service headquarters, has been assigned by Gen. Pearson to have charge of the bonus section of the adjutant's department.

Gen. Pearson reported the most critical problem of the state bonus organization was lack of office space in which to process more than 500,000 claims expected to be filed in the first six months of the operation. Temporary quarters are being established in the 46th Division Headquarters armory in Lansing.

Between 250 and 300 clerical employees will be selected by civil service to operate the machinery. Governor Sigler has asked all state agencies to lend typists and office equipment to the bonus headquarters to save time and money.

Actual certification of bonus claims may be expected "several days" after the application forms go to the printers, Gen. Pearson said.

The application forms will be distributed throughout the state to local veterans' counseling centers, veterans' organizations, banks and city halls.

Woman On Detroit  
Police Force Hurt  
Fighting Off Man

Detroit, March 15 (AP)—Police-woman Marion Clausen, 29, who bested a street assailant three weeks ago, was disclosed today to have undergone a brain operation for an injury suffered in the fracas.

Harper hospital said the operation was successful and that Miss Clausen would be released probably Monday. The operation was performed to relieve pressure on her brain, physicians said.

Miss Clausen, a former WAC, used judo to fight off an attacker who struck her on the head with a beer bottle after following her from her bus stop at night.

An assault charge was filed against Maxwell J. Imire, 25, whom Miss Clausen identified as her assailant. Imire, now held for trial, was arrested shortly after the incident.

Miss Clausen was unarmed at the time. As a result of her experience women members of the police department have been permitted to carry smaller than regulation arms.

Union Head Fired  
At Allis-Chalmers  
For Calling Strike

Milwaukee, March 15 (AP)—The Allis-Chalmers Manufacturing Company today discharged Harold Christoffel, honorary president of striking UAW-CIO Local 248 because, it said, testimony given before the house labor committee showed he called the 76-day strike in 1941 "at the direction of the Communist party."

The house committee has ordered an investigation to determine whether Christoffel and Robert Buse, president of the local, committed perjury in their testimony in which they denied they were Communists.

The investigation was ordered following testimony by Louis Budenz, former managing editor of the Daily Worker, that Buse and Christoffel were Communist party members. Budenz has renounced the Communist party and now is professor at Fordham university.

In its letter to Christoffel today, the company said the testimony showed he called the 1941 strike "for the purpose of interfering with national defense and aid to Britain."

Turkey And Greece  
Need Help At Once  
To Hold Back Reds

BY JOHN A. PARRIS, JR.  
Lake Success, N. Y., March 15 (AP)—Fear of new Russian pressure appeared tonight to be back of the Greek and Turkish appeals for financial aid from the United States.

Spokesmen for both countries contend they must have immediate assistance if they are to remain bulwarks in the Mediterranean against the spread of Communism.

In a message to President Truman, Greek Premier Maximos thanked him for asking Congress to aid Greece and declared that Greece is "now facing a subversive movement of a military minority which is supported from abroad and is seeking to impose its will upon the majority of the people by force of arms and terrorism."

A government spokesman in Istanbul said that a weak Turkey could invite trouble and added "it would be more farsighted and much less costly in the long run to help her today than have to try to rescue her on some later day."

This is the situation as Congress prepares to act on President Truman's proposals to aid Greece and Turkey.

Greece is a sick country, torn by civil strife, unable to rebuild and become a self-supporting nation. Her leaders say she cannot survive as a democracy unless she has outside aid immediately.

Turkey, afraid of possible Russian expansion southward, is spending more than 60 per cent of her national income to maintain her armed forces on a war-time footing. This output has drained her fiscal resources to a point where her economic structure is reported in jeopardy.

Back of the Greek and Turkish fear of Russia is Soviet interest in the Dardanelles and a desire to have free-water entry into the Mediterranean.

Britain's financial troubles at home have forced her to stop further aid to Greece, with the result that the Greeks have turned to the United States.

While Turkey has attempted to maintain its army on a war-footing, her military strategists—realizing weakness in mobility and heavy weapons have concentrated on erecting prepared defenses to meet any invasion.

The Turks maintain strong forces along the mountainous frontier with Russia in the north-east.

Indoors, the attractive 23-year-old girl declared she was "completely recovered" from the cold that forced postponement last week of her initial professional appearance.

"I'm looking forward to the concert," she said.

Miss Truman, a coloratura soprano, will sing with the Detroit Symphony Orchestra on an ABC program from 8 to 9 p. m. (EST).

She said her program, tentatively including Padilla's "Cielito Lindo," David's "Charmant L'Oiseau" and "The Last Rose of Summer," had not been made definite as yet.

British Isles Are  
Swept By Blizzard;  
Disease Threatens

London, March 15 (AP)—New blizzards swept the British Isles tonight and floods that burst into Thames valley waterworks brought a grim threat of disease to millions.

The new heavy snows were general from the south of England up into Scotland, still virtually cut off by last week's storms.

Nearly 1,250,000 inhabitants of London's east end and eastern and northern suburbs were warned by an emergency BBC broadcast to boil drinking water for supper over their meagre fires.

More than an inch of snow fell in an hour in Birmingham this afternoon. R. A. F. Dakotas made drops of hay for livestock at isolated farms in Yorkshire.

Housewife Tells  
Who Is Mrs. Hush  
And Wins \$17,500

Hollywood, Calif., March 15 (AP)—Mrs. William H. McCormick, Lockhaven, Pa., housewife, tonight won \$17,500 in a radio contest after she answered a broadcast telephone call and identified "Mrs. Hush" as Clara Bow, one-time screen "it" girl.

Mrs. McCormick, who lives at 243 West Water street, Lockhaven, told Ralph Edwards, master of ceremonies for the (NBC) "Truth or Consequences" program, that she was the mother of three children.

Contestants in the eight-week competition had to first write on the subject, "We should support the March of Dimes because..." and three winners then received telephone calls giving them the opportunity to identify "Mrs. Hush."

## RELIEF FOR EUROPE

Chicago, March 15 (AP)—The American section of the Lutheran World Federation announced today that it had raised \$7,000,000 for church relief and rehabilitation in Europe and that \$200,000 of this amount was being sent overseas immediately.

EXODUS FROM  
REICH URGED  
TO CURB WARCROWDED COUNTRY  
SEEN AS MENACE  
TO WORLD PEACE

BY WES GALLAGHER

Moscow, March 15 (AP)—France proposed tonight a startling modern day exodus of Germans from their defeated fatherland in order to lower the German war potential, and Secretary Marshall said the plan struck at the heart of the German problem.

Foreign Minister Georges Bidault told the foreign ministers council that the Allies should undertake an organized reduction of the population through emigration from a thickly-settled Reich and said France was prepared to take the revolutionary step of absorbing Germans into her own population.

## Population Dense

He said that France considered the German population, which is much denser than her neighboring states, a war potential that could be linked with the German industrial potential.

The day's developments found Marshall summoning Lt. Gen. Lucius D. Clay from Germany to consult on the German question, while the Chinese announced outright rejection of Soviet Foreign Minister Molotov's plea for informal Big Three discussions on China.

Veteran Moscow observers expected that Marshall and the other foreign ministers would be called to the Kremlin shortly to see Prime Minister Stalin. These reports coincided with word that Republican senators in the United States were urging that Marshall explain America's policies in the Mediterranean to the Soviet leader.

Russia struck the first blow against plans of the western allies for a "federalized" Germany with criticism of western land reorganization policies which the Russians viewed as paving the way for federalization.

Unrest May Grow  
At the opening of today's meeting, the longest of the conference, British Foreign Secretary Bevin

(Continued on Page Two)

Gen. Clay Assumes  
European Command,  
Flies To Moscow

Frankfurt, Germany, March 15 (AP)—Lt. Gen. Lucius D. Clay assumed command today of the United States armed forces in Europe and, as his first assignment in the new role, departed for Moscow to confer with Secretary Marshall at the foreign ministers meeting.

Marshall requested the presence of Clay, who became military governor for Germany as well as this afternoon to Berlin en route to the Soviet capital. He is expected there tomorrow.

Clay succeeded Gen. Joseph T. McNarney at an impressive military ceremony attended by representatives of Allied military missions. Several hundred troops gathered on the lawn outside the army headquarters building while 200 planes roared overhead.

McNarney, who will become U. S. Army Air Forces representative on the United Nations military staff committee, decorated Clay with an Oak Leaf Cluster for his Distinguished Service Medal.

DROP IN PRICES  
DUE NEXT FALLDowntrend Forecast; Not  
Comparable To True  
Recession

BY STERLING F. GREEN  
Washington, March 15 (AP)—Commerce department officials expect price drops by next fall on the products which have soared highest in the post-OPA rise—like cotton goods and food.

The forecast is made in a cautious report on commodity prices, soon to be published. On the basis of the official report, commerce department economists gave these unofficial conclusions today in interviews.

1. The downturn will be mild, not approaching the depth of a true "recession."

2. It will start around midyear with drops in a few lines, then gain speed as more items come in to a balance with demand.

3. It will be uneven. Some prices may still be rising while those farthest out of line come down.

The study lists these items as priced "far in excess" of their usual place in the wholesale price structure and therefore highly likely to decline:

Food, cotton goods, shoes, lumber, paint, drugs, leather, fats and oils.

Small declines, if any, are foreseen this year for automobiles, consumer durable goods generally, woollens and worsteds, furniture and house furnishings, iron and steel products, paper, pulp, grains and livestock.

Sweden Restricts  
Imports; Rations  
Coffee, Tea, Cocoa

Stockholm, March 15 (AP)—The Swedish government tonight announced a ban on all but specifically exempted imports and the restoration of rationing for coffee, tea, and cocoa.

The move, which came as a surprise, was believed to have grown from the inflationary trend in Sweden and the sharp decrease in foreign currency resources, which have been shrinking here since 1945.

Imports of essential commodities will continue under a government license system. A few list for certain commodities not affected by the ban has been prepared.

## FALSE TEETH TRAILED

Berlin, March 15 (AP)—Police announced today they had confiscated 300,000 false teeth from black market sources, and were on the trail of 600,000 more.

## FARMERS SHARE IN PORK BARREL

Corn And Wheat Bonus Voted By Senate Committee

Washington, March 15 (AP)—The Senate Agriculture Committee voted 7 to 2 today to give corn and wheat farmers a bonus variously described by Republican senators as "only justice" and "pork barrel legislation."

Its cost was estimated at from \$313,000,000 to possibly \$1,000,000,000 or more.

The bonus, at the rate of 30 cents a bushel, would go to farmers who did not receive a 30-cent premium paid by the government on a part of last year's corn and wheat crops. It would apply to sales between January 1, 1945 and April 15, 1946.

Senator Langer (R-ND) recalled that the government told farmers there would be no increase in ceiling prices of grains and appealed to them to market wheat and corn "to help the starving and for patriotic reasons."

But Senator Kern (R-Mo), like Langer a farm state senator, said:

"I consider that the present Congress has a mandate from the people to stand firm against the type of pork barrel legislation represented by this proposed bonus."

Secretary of Agriculture Anderson has estimated costs might run up to \$1,000,000,000 or more.

## Civil Government Sought For Islands Of Samoa And Guam

Washington, March 15 (AP)—Secretary of the Interior Krug announced today he will ask Congress to grant charters to Samoa and Guam for their own civil government.

If the former Japanese mandated islands come under U. S. control, he said, he also will seek similar charters for the Marshalls, Carolines and Marianas. Samoa and Guam are prewar American territories.

Krug further told a news conference:

1. Alaska, like Hawaii, should get statehood.

2. Canadian railroad interests in British Columbia want to talk over with the United States possible construction of a coastal railway to Alaska.

3. He doesn't plan to do anything about the coal mines situation until John L. Lewis and the United Mine Workers comply with the supreme court decision and cancel Lewis' contract termination notice.

Iowa is named after the Ioways, or Alouez, a Sioux tribe.

## Bitter Soviet Attack Directed At Truman's Greek-Turkish Policy

BY EDDY GILMORE

Moscow, March 15 (AP)—Pravda, Communist party organ, made a bitter second Soviet attack on President Truman's Greek-Turkish policy today, declaring it did not serve the cause of peace and security and "renders valueless" United States declarations of faithfulness to the United Nations.

Echoing the same arguments as those advanced yesterday in Izvestia, the government newspaper, but even sharper in some of its conclusions, Pravda declared the proposed economic and military aid to Greece and Turkey was "imperialist expansion under the guise of charity."

Now that the two chief newspapers in Soviet Russia have lashed out in two-column long editorials, it remained for official Soviet leaders to give their reaction. None has yet said a public word.

But it was expected that Joseph Stalin would receive United States Secretary of State George C. Marshall any time now, and that when

he did he would speak his mind with utter frankness.

It could be stated with some certainty that if Stalin starts on the subject of President Truman he will say plenty. But Secretary Marshall, it is known, can be blunt, too, and such a meeting may turn into a lively evening.

Pravda made an apparent reference to Marshall when it said "The leaders of American policy could do worse than ponder over the fact that under contemporary conditions attempts to realize any plans for world domination are inevitably doomed to failure."

It was evident that the Russians believed that the secretary of state helped formulate the Truman policy, and there were many observers here who believed that Marshall's definition of American democracy, which was laid before the foreign ministers council yesterday, was a supplement to President Truman's general attack against totalitarianism.

## France Severs Her Trade Relations With Bulgarians

Paris, March 15 (AP)—France severed commercial relations with Bulgaria today in the most serious breach with another power since the liberation and gave two Bulgarian newspapers 48 hours notice to leave the country.

The action was taken in retaliation from the expulsion of a woman reporter for the French press agency in Sofia, after incidents stemming from the recent action of the Bulgarian government in reconverting its currency.

Two newsmen expelled were Amy Bakalov, chief of a Bulgarian bureau of information here and correspondent for two Sofia weeklies, and Lovan Strelkov, correspondent for a Sofia daily newspaper.

## Fire Again Scars Yacht Mayflower

Cedar Point, Md., March 15 (AP)—Scarred by fire for the third time in her 50-year colorful history, the former presidential yacht Mayflower lay at anchor tonight in Chesapeake Bay awaiting repairs before being towed back to Baltimore.

The Coast Guard reported lack of steam aboard the once sleek vessel prevented hoisting of the anchor. A tug brought parts to the stricken ship preparatory to bringing it back to Baltimore.

## PRICE TAGS UP AGAIN ON FOOD

Survey Shows Living Cost Advancing In Last Month

(By The Associated Press)

Indications that the brakes had been applied to a January dip in many food prices was given yesterday in a cross-country survey of a number of common items.

With weather and other seasonal factors coloring parts of the picture, price tags on some foods were shown to have been revised upward, at least temporarily, in several cities. Others held firm or showed signs of continuing a downward trend.

Against this checker-board pattern, in which prices frequently varied widely from city to city, there stood out the latest figures of the Federal Bureau of Labor Statistics that if all food prices were considered in one lump the trend was up from last month's level.

Meat Higher

Most meat prices in New York, for example, were advanced markedly over last week. The same movement was shown in some other cities, but was not reported nationwide. Freezing weather raised hogs with citrus and fresh vegetable prices in some sections. Dropping butter prices firmed or went up in several cities.

Even when prices went down or held to recent lows, however, the survey showed that in most cases they were still considerably removed from one-time OPA price ceilings.

The survey showed also that men's clothing prices in the nation's principal cities frequently were 10 to 20 percent above old OPA levels, and might go up before they came down. Women's medium priced dresses generally were up, from slightly to a lot, but with an improvement in quality and selection. Shoe prices had recorded a major advance also.

A housewife who could afford nylon wouldn't go broke on the relatively small increases recorded for them in most cities, the survey showed, and she could replenish her supply of bed sheets at somewhere near OPA levels in a number of metropolitan areas if she shopped around long enough.

Food prices presented a varying picture. Here is what you would find if you went out to purchase a good round steak, butter, eggs, milk and, say, canned peas for a family meal.

Break In Butter

In any one of the 22 key cities surveyed the round steak would be anywhere from 20 to four cents a pound cheaper than it was at the peak reached after OPA went out of business last year. Nowhere could you buy it at the old OPA ceiling, but you could come within a few cents of that mark in New York, Chicago, Des Moines and Portland, Ore. In 11 of the cities the price actually would be below the old OPA ceiling if you added the amount of the meat subsidy paid by the government at that time. The price today would range around 65 cents a pound, with a low of 59 cents in Los Angeles, Portland, Ore., Albuquerque, N. M., Chicago and Des Moines, to a high of 79 cents in Miami or 76 in New Orleans.

On butter you would get a break, despite recent small increases in some cities due to the influence of bad weather on wholesale prices in Chicago and New York. In Albuquerque a medium grade could be purchased one cent below the old ceiling price of 66 cents a pound, and in Des Moines a penny more than the OPA peak would get you a pound for 68 cents. Elsewhere you would pay well above the old ceiling for good grade butter at current prices ranging between 71 and 79 cents, but far below the post-OPA peaks. Dallas, Tex., recorded a drop of 37 cents a pound from the top price it had paid for butter, Detroit 31, Boise, Idaho, 30 and Des Moines 27 cents.

Milk Not Dropping

Eggs at current prices of between 51 and 59 cents a dozen were below top OPA prices in 13 of 20 cities. And there were even more astounding drops from the price summits reached after the OPA went out of business. In considerable part because of seasonal influences, eggs have plummeted from the post-OPA peak by 47 cents a dozen in Dallas, 37 in Chicago, 26 cents in San Francisco and 19 cents in Richmond, Va.

Milk prices not only were above

## Budenz Reveals Code Communists Use For Spotting Party Line

New York—(AP)—Louis Francis Budenz, writing a detailed account of what he calls the "ment" concentration camp in America known as the Communist party, asserts that the party has a sort of code by which its members throughout the world can recognize the party line.

Budenz' account appears in his book, "This Is My Story," which will be published Monday by Whittlesey House.

A former managing editor of the New York Daily Worker, Budenz joined the party in 1935 and left it in 1945 to return to the Catholic church. Since then he has lectured at Fordham and Notre Dame Universities and last November appeared before a congressional committee to describe communist activities in this country.

One of the chief means of transmitting the "line," Budenz relates, is through speeches and "reports."

"Naturally," he writes, "the Kremlin cannot announce by an open order to the American communists that Soviet Russia intends to wage unrelenting war on the United States. Instead, the Soviet communist documents will declare that 'the United States is one of the leading aggressive imperialist nations, lighting the fire of a new world war.' They will assail 'the reactionaries in the United States who are inciting a new vendetta against the Soviet Union, which amounts to treason to the building of the peace.' And by similar prolix phraseology they will give definite instructions to American Reds to create division in the ranks of the American people."

Asserting that a true description of communist party existence in this country has not been gotten across to the average American because he cannot conceive of it here, Budenz recounts:

"The professional Red must recognize that his life and career

## Boston And Maine Train Is Wrecked; 16 Persons Hurt

Springfield, Mass., March 15 (AP)—A Boston and Maine passenger train plowed into a standing freight engine tonight in the Springfield yards, and 16 of the 68 passengers on the former reported injuries.

A railroad spokesman said the freight engine had stopped to pick up some crew members and that the three-car passenger train, running from Springfield to Holyoke, crashed into it.

Both engines were damaged badly.

An important factor in the extermination of the buffalo was the use of buffalo carcasses as wolf bait.

OPA levels in all the reporting cities except Minneapolis—where the figures per quart have dropped from 18½ cents to 16½ cents—but showed no recession from the higher levels reached after decontrol except in Kansas City, Detroit and Chicago. Current prices ranged from 16 cents a quart in Kansas City to 24 in Miami, with Washington, D. C., suffering the sharpest post-OPA increase with a rise from 11½ to 17 cents a quart.

If you really insisted on having canned peas for this particular dinner you could get a good grade at below OPA prices in New York, New Orleans, Minneapolis, Detroit, Dallas and Portland, Ore. Elsewhere you would pay the same price or anywhere from one to six cents a can more.

## EXODUS FROM REICH URGED TO CURB WAR

(Continued from Page One)

reprimanded Deputy Soviet Minister Andrei Vishinsky for his insistence that Albania be permitted to participate in drawing up of the German peace pact.

Earlier Vishinsky had deadlocked the deputy foreign ministers by demanding that the question be tossed into the laps of the ministers. Bevin said he thought it was entirely improper for one deputy to break up the work of three others "just because he did not get his way" on one point.

Bidault made his sweeping proposal for Germany by explaining that with the return of exiles from former parts of the Reich Germany would have a density of population of 196 per square kilometer to 75 per square kilometer for France and 62 for Poland. He said this would be 40 more per square kilometer than when Adolf Hitler raised his cry for "living space."

This overpopulation, he contended, was laying the seeds of a new war and giving the Germans the strength to conduct it.

## Obituary

R. C. OSTRANDER

Accompanied by the widow, the body of R. C. Ostrander, arrived Saturday from Glendale, Calif., and will lie in state at the Alto funeral home beginning at 2 p.m. today. Funeral services will be held Monday at 10 a.m. at the funeral home, with the Rev. Fr. Alphonse Wilberding officiating. Burial will be in Gardens of Rest cemetery.

Alabama was the Indian name of a tribe in southern Alabama.

## Marquette Upsets Ishpeming, 38 to 36

The Marquette Redmen pulled another major upset for the second night in a row by defeating the Ishpeming Hematites, who defeated them twice during the season while winning thirteen of fourteen games played. The score was 38 to 36. On the previous night Marquette upset Negaunee, a team which also defeated them twice in the season and has a season record of 11 wins in 14 games. Schram and Sartoris officiated.

## Queen Of Lansing Centennial Named

Lansing, March 15 (AP)—Red-haired Mrs. Arlene Barnes, 20-year-old receptionist, today was named "Miss Centennial" to rule over Lansing's centennial celebration this week.

Elayne Massman, 20, and Mrs. Jeannette Upright, 19, were named attendants to the queen, who was chosen from nearly 70 contestants.

## Cab Driver Edits Science Magazine For Experimenters

Memphis, Tenn.—Carlo Sellari is a taxicab driver by night, but by day he's an amateur scientist, editor and publisher.

His cab supports himself, his wife and four-year-old twin boys. His science is a hobby. He produces what he terms "the only science magazine published in the South."

The 35-year-old Sellari began publishing Science Quest, the Amateur Scientists' Magazine, in 1942.

His idea was to "establish a magazine where persons, like myself, though not professional scientists, can have our ideas and findings published."

He reasoned: "Perhaps talented amateurs may discover some secret which has eluded others."

The cab driver now puts out more than 1,000 copies every two months, circulating throughout the United States and 17 foreign countries.

He does it all himself—with some stamp licking help from his wife and offspring—and finds the work fascinating but "considerable expense, especially to one of moderate means."

## PLACED IN CATACOMBS

In Guanajuato, Mexico, bodies of the dead whose relatives have failed to pay the rental fees for their graves are placed in long catacombs beneath the burial grounds.

## CARRIES EGGS ABOUT

From 5000 to 75,000 eggs are laid by a lobster. These adhere to the body and are carried about during the entire 10 months required to hatch.

## SCHOOL OF GLUTTONY

The noted Roman gourmand and gourmet, Apicius, delivered lectures on the science of exciting hunger. To teach Romans how to produce a second hunger after the first pangs were appeased he established a school of gluttony.

# ORE SHIPPING NORMAL IN '47

## Estimates Put Tonnage At 1945 Level; No Boom Expected

From the look of things now, 1947 will see a healthy, prosperous flow of ore through the Escanaba docks—but nothing flamboyant.

According to the various estimates, the 1947 gross tonnage will exceed last year's by a million or a million and a half tons, approximately the 1945 tonnage of 4½ million, but considerably below the 1944 shipping peak of nearly 6 million gross tons.

The winter-long iron miners' strike was responsible for the puniness of the 1946 shipping. Without stockpiles at the mines to swell the current, the flow to the docks was regulated by the iron-ore hoisted directly from underground in the skips and dumped into the railroad cars spotted at the chutes of the shaft houses.

This year, however, the shaft houses on the Menominee and Marquette ranges, squat between long, mountainous stockpiles.

Stock-piles at the lower end of the lakes need ore. Reserves are, according to some figures given, from 7 to 10 million tons less than in 1946.

The C&NW has been all winter preparing their two Escanaba docks for the coming season. Dock No. 6 will be ready for use on April 1; Dock No. 5 will have repairs 75 per cent completed on that date.

Repairs on the dock approach were begun last December. Worn or weakened timbers, caps or stringers, have been changed out; over 80 pockets and partitions have been readied to receive and

the crashing of the red iron ore out of the railroad cars shoved out on the dock.

Partitions between the pockets are built of 12x16 Douglas fir posts faced with on either side with 3-inch fir planking. The pocket bottoms are faced with 3-inch maple planking, a harder, closer grained wood than the tough, fibrous Douglas fir used elsewhere in the dock, better able to withstand the crashing iron ore. Under the maple facing, two layers of 3 and 4 inch fir add toughness to the pocket bottoms.

The steel chutes of the pockets were repaired by the Pearson Boiler and Manufacturing company of Escanaba.

### Swiss Try 29 For War Frauds

Zurich (AP)—Twenty-nine persons, military and civilian, are on trial in military court here charged with malfeasance in Switzerland's defense efforts during the war.

The trial, scheduled to last three months, revolves around a purchasing agent of the internment division of the military department who is accused of misappropriating funds and materials, of accepting bribes and of wasting funds and materials, in connection with the construction of internment and military barracks.

Utah was named after the Utes, an Indian tribe.

### Rapid River

**Ladies' Auxiliary**  
Rapid River, Mich.—The Ladies Auxiliary of the American Legion met at the home of Mrs. Andrew Wils on Tuesday evening, March 11. Five hundred was played. Prizes were won by Mrs. William Young and Miss Mildred Kniskern.

**Personals**  
Mr. and Mrs. William Cavill and daughter Carol Ann of Marinette are visiting relatives here this week. They expect to return to Marinette Sunday.

A. G. Buckman of Iron Mountain and daughter Mrs. John Clay of Cambridge, Mass. spent Thursday at the Buckman home here. Mr. and Mrs. Charles Lindsey spent Sunday with relatives at Rock.

Mr. and Mrs. Frank Svehla and Mr. and Mrs. Jim Svehla returned Thursday of last week from a few weeks visit in Munising.

Nels Larson will leave Saturday to join his wife who is visiting their daughter Mrs. Wallace Newlin in Wayne.

### Isabella

Rita Gagnon of Green Bay is visiting at the home of her parents, Mr. and Mrs. Hector Gagnon, of St. Jacques.

### Winfield Goes Co-Operative

THE residents of Winfield Park, N. J., propose to buy their town and their little township from the Federal Government next month, and to go co-operative in a big way.

They rent from Uncle Sam at present, as they live in a war-born town, built to provide homes for workers in war factories located nearby. The Winfield Mutual Housing Corporation has been set up, a non-profit body which will continue to manage the community, and which functions through a board of ten trustees. The corporation pays all taxes, supervises the police, fire, health and welfare departments, and looks after street lighting, rubbish removal, sewage disposal and maintenance of streets.

The shipping center is entirely co-operative, on the standard Rochdale model, and it includes grocery, meats and vegetable markets, a drug store, and dry-cleaning and other services. There are a child care center, gymnasium, an active athletic program, public library, playgrounds, dramatic clubs and various community activities. Winfield is attracting a great amount of attention and the town and township have many visitors who come to see how this growing co-operative unit works.

### Industry Likes Small Towns

NEVER before in American history have so many small cities found the opportunity for industrial expansion to the extent that exists today.

Indicative of the trend of the times is the announcement by General Electric company that it has increased its plants from 36 to 93 in a period of 18 months. For every new plant being located in a large city, at least three are going to towns and cities under 25,000 population. For years industry, particularly the big companies, preferred the large cities but the trend has been radically changed. Today it is the small city that has the inside track in the scramble for new industry.

With this opportunity for industrial expansion thrust in their laps, the smaller cities that are wide awake are making the most of it. It provides a chance for diversification of local industry, which is extremely important on the long range view. Why do industries prefer the smaller communities? Better morale among their workers, for one thing, which means less labor trouble. There are other equally important factors, including more favorable tax considerations.

Here in Escanaba we have a head start in the industrial expansion program because of the preparatory work accomplished by the Escanaba Chamber of Commerce. We have, in fact, developed as rapidly as our housing facilities will permit. Our main problem at the moment is not the securing of additional industries but the construction of sufficient homes to permit the expansion of industries that we now have.

### Driver Schools

MORE public schools in the country are offering automobile driving courses in an effort to curb traffic accidents, which killed 33,500 citizens and injured 1,150,000 others last year.

In Cleveland, 11 of the city's high schools now teach driving to a total of some 1,300 students annually. In North Dakota, all high school students are required to pass an examination in driver education before graduation. In Wisconsin, the number of schools offering classroom courses in driving has more than doubled since 1942, with 80 per cent of the schools now giving such instruction.

The Michigan State Police have been giving special instructions to school teachers in the past few years, so that they, in turn, can teach safe driving to pupils. The school is a good place for teaching safe driving. Of course, this is only one of the many measures that must be taken to reduce the growing traffic toll on our highways and streets. Lessons learned in school are of little value when the driver gets behind a wheel while he is under the influence of liquor. Usually, when in that condition, he forgets all he has learned about safety.

### Airport Improvement

IMPROVEMENT of the Escanaba airport this year to permit large commercial planes to operate from here may be accomplished under the program of cooperation between the City of Escanaba and the local Chamber of Commerce.

Lengthening of the main runway to 3500 feet, with a width of 500 feet, is essential before the Wisconsin Central Airlines will include Escanaba on its projected Upper Peninsula route. An outlay of \$60,000 to meet this requirement, of which \$45,000 would be paid by the state and federal governments. The city has allocated \$7,000 and an additional \$8,000 is required.

\*The Chamber of Commerce has agreed to put up the \$8,000 under a program

which would give the C-C a comparable equity in the city-owned Steele Wallace industrial building, since the funds which the C-C proposes to use originally were raised by public subscriptions for industrial purposes only.

The next step is up to the city council. If Escanaba is to get commercial air service, the expansion must be done, whether this year or some future year. It might as well be accomplished this year since a way has been found to make it possible. We cannot afford not to keep pace in this air age.

### Historical Records

THE movement to restore Father Baraga's mission on the shore of Indian Lake and to renovate the Indian burial grounds located on the property should reach a responsive chord among those who believe in maintaining visible evidence of the rich history of the Upper Peninsula.

Father Baraga's mission at Indian Lake was the third church in Upper Michigan and signified the introduction of the Catholic faith to this territory.

The Indian cemetery, located on the mission grounds, was the burial grounds for a number of notable Indians, among them the famed Chief Ossawinamakee.

The present generation owes it to posterity to preserve the historical records that are in our possession. Such records certainly include the mission church that introduced Christianity to the area and the burial grounds of the Indian chiefs who worked in harmony with the white men.

### Other Editorial Comments

#### DESPICABLE CRIME

(Chicago Daily News)

The assassination of George P. McNear, president of the Toledo, Peoria & Western Railroad, is an extraordinary crime.

It calls for every effort by Gov. Green, Attorney General Barrett and the authorities of Peoria and Peoria county to find the assassin.

Otherwise the State of Illinois will stand convicted of incompetence to perform the most rudimentary functions of government. Its officials at Springfield took oaths to enforce the law. But the long and sickening record of unpunished violence connected with the various strikes on the railroad show that the officials have dodged their duties.

Gov. Green is on the spot. As chief executive officer of the state and commander in chief of its forces he has been fully aware of what has been going on around Peoria since early in 1942, when arson, sabotage, blowing up of bridges and switch sheds and shooting into the homes of peaceful citizens was rampant.

After the road was "seized" by the government in March, 1942, "peace reigned in Peoria," until the road was returned to its owner, McNear, at the end of military operations. Trouble began when McNear sought to reopen the railroad by sending out a guarded freight train on Feb. 6, 1946. When his armed operatives tried to throw a switch they were attacked by union pickets throwing stones and two pickets were killed by gunfire. His request for state protection had been ignored.

A jury acquitted McNear's trainmen of manslaughter charges. McNear sent out the train protected by men with deadly weapons, expecting they would find use for them. The jury evidently felt that the pickets who pursued the train from stop to stop were also looking for trouble.

The circumstances do not raise a presumption that union goons killed McNear, but they do add up to a clear duty of the railroad brotherhoods to co-operate in finding and punishing the slayer.

#### HOW INDUSTRY CAN HELP PEACE

(Modern Industry Magazine)

The record of American business in the foreign field is not lily white. We, along with the British and Dutch, have been guilty of buying mining and oil properties in foreign countries—taking the resources out of the country along with all the profits and leaving a few miserable crumbs in the form of disgracefully low wages. That is exploitation in its worst form. Sometimes it is called Yankee imperialism. Whatever it is called—it is ended. That is not the road to peace. That is a sure way to plant the seeds of hate.

### Take My Word For It

Frank Colby

#### READERS WANT TO KNOW

Ft. Wayne: We enjoy playing charades, but are in some doubt as to the correct pronunciation of charade.—E. G.

Answer: The American pronunciation is shuh-RAID. The British say: shuh-RAHD. Charade is a French loan word, from the Provencal charrada, "a long talk," from charra "to chatter."

Oregon, Missouri: Is there such a word as "onery"?—Mrs. H. K.

Answer: "Yes; it is spelled either 'onery' or 'ornery.' It means 'of a bad disposition; hard to manage; cantankerous.' It is a colloquial corruption of the word ordinary.

Silver City: Recently I heard a person pronounce the word frankincense with the accent on the second syllable, as 'frank-IN-cense.' Is there any authority for it?—A. W. M.

Answer: No. Only the first syllable is accented: FRANK-in-cense.

El Monte: My grand nephew, just returned from service in Puerto Rico. When I remarked that when I went to school the name was Porto Rico, everyone laughed at me.—E. M.

Answer: When the island was discovered by Columbus in 1493, he named it San Juan Bautista. Later Ponce de Leon explored the island and discovered a bay, a fine natural harbor, which he named Puerto Rico, "Rich port."

Still later, by some unaccountable quirk, the island and the bay swapped names—the bay becoming known as San Juan, and the island becoming known as Puerto Ri-

## World Events Analyzed

BY MARQUIS CHILDS

Washington—If we are to do the things in the world that, in President Truman's definition, we must do in order to avert collapse and dictatorship, then we in America must have strength and stability. An

Childs

America torn by dissension and harassed by economic troubles cannot help anyone. This is the time to take a long, hard look at the domestic situation shaping up just ahead of us. In many industries a showdown on wage negotiations is coming up shortly.

Steel is a significant example. In January, by mutual agreement, the United States Steel Corp. and the United Steel Workers agreed that the wage contract then in force should be continued for two and a half months beyond the end of the contract. This was a reasonable compromise intended to give both sides a chance to work out details of a new contract.

Since that agreement, only a few meetings have been held between the company and the union. Those meetings were not concerned with living costs in relation to wages. Union negotiations are said to have come out of those meetings feeling that the steel company wanted to cut back union privileges and union guarantees virtually to the old non-union days.

#### —UNION LEADERS PESSIMISTIC—

That the company should feel a new confidence would not be surprising. Many of the labor proposals now before Congress would cut the unions down to a status so feeble that they would be almost certain to melt away. A great deal of the talk out of Washington is along the line that the unions must be curbed and disciplined, by which the extremists mean that they must be reduced to impotence.

Leaders in the steel union, which has been kept free of Communist infiltration and influence, are pessimistic. They are wondering how they can go to their membership with the kind of proposals put up by the company, even if they were of a mind to accept those proposals.

Their gloom is not lightened when they reflect that thus far the question of a wage increase has not even been considered. And time is rapidly running out at the moment when new and drastic price increases are hitting the consumer right where he lives.

This last is perhaps the most serious side of the picture. Maybe things like seniority rights and the union shop could be negotiated. But it is hard to negotiate away a cost-of-living rise that makes it almost impossible for the housewife to stretch the family budget to cover food and rent.

#### —FOOD PRICES CLIMB—

Rep. Helen Gahagan Douglas of California dramatized that fact the other day when she brought a market basket full of groceries onto the floor of the House. She told members she had paid \$15 in a low-price chain store for the butter, eggs, meat and so on that the basket contained. Last June, she told the House, it would have cost \$10 to buy those same items. And she brought the comparative sales slips with her to prove her point.

Mrs. Douglas quoted a bureau of labor statistics release showing that wholesale food prices had gone up 3.1 per cent for the week ending March 6.

Then she went on to point out that in the four years preceding last June, the over-all food price had risen on the average only 15 per cent. In the eight months since June, when in effect price controls were destroyed, the rise has been 30 to 35 per cent on the average.

#### —URGED RENT CONTROL—

Mrs. Douglas' speech was a plea for continuing rent controls. In the deficiency bill passed March 5, funds were provided for continuing OPA until April 30. This fund was cut by \$3,000,000 in conference, which makes it doubtful if OPA can go on as long as that.

Congress must act before that date to save rent controls. Sen. Robert A. Taft has said that action on rents will come shortly after the end of March and that possibly, to save money, enforcement will be put in the Department of Commerce.

"You certainly have no rent-control program when you talk in terms of court enforcement," Mrs. Douglas said. "And that's what is being talked about here in Congress. Remember that 50,000,000 families will be affected."

"If they wake up May 1 with no real rent controls but with only the promise of a court-enforcement program to be passed by Congress at some indefinite date in the future, what will happen? Landlords will raise their rents from one end of the country to the other. Not the Republican-proposed 10 per cent but 25, 50, yes, and even in some cases 100 per cent."

These are the realities we had better face. A strike is a divisive thing. But sometimes strikes may grow out of the pressure of circumstances even though no one may want a strike.

co! And so it remains to this day.

Then the spelling of the island name was changed to Porto Rico. But in recent times the original and correct Spanish spelling, Puerto Rico, was restored. Puerto Rico is the only spelling sanctioned by the U. S. Government Style Book.

Butler, Missouri: Our speech class wants to know how to pronounce the word toupee. Our dictionaries show only "too-PEE," but we have never heard it that way.—F. H.

Answer: Nor have I for a great many years. The Standard American pronunciation is too-PAY. The word is often spelled toupet (the French form), also pronounced: too-PAY.

## The Only One With Sufficient Wingspread

### Good Morning!

By The Bugler

SHAMROCK OF IRELAND — Sure, tomorrow is St. Patrick's Day and all the Irish of the nobility and otherwise will be prouder than usual. And why should they not be proud of themselves this day only the Irish know, but since they know it's well to let the matter drop. For to argue with the Irish is to invite defeat. They will either charm you to their side or, if you don't charm easily, use a shillany on you.

So tomorrow the Irish in America will wear green reminiscent of the old sod, and those who can't find a real shamrock and those who can't find the real thing will wear one of paper or cloth. An Irish friend of ours who has been nursing a pot of shamrock in his window is near heartbroken these days. A few weeks ago for some unexplained reason the plant went into a decline and is practically leafless.

LORD LOVE THEM—Ireland as an island is a little smaller than the state of Maine. But it has preserved a very distinct identity of people, tradition, and emblem. The emerald green and the golden harp with silver strings are more universally known than any other national symbols, while the shamrock and its flower, is seldom mentioned or thought of except in connection with Ireland. Suppose we let an unidentified Irish poet take up this thought:

There's a dear little plant that grows in our isle— 'Twas Saint Patrick himself sure that set it; And the sun on his labors with pleasure did smile, And with dew from his eye often wet it. It shines through the bog, through the marsh and the mireland, And he called it the dear little shamrock of Ireland.

FACT AND FANCY—In A. D. 432 Saint Patrick landed in Ireland, bringing with him Christianity. Popular tradition also has it that he drove all of the snakes on the island into the sea. This may be only a figure of speech, with the reference to snakes meaning some of the many enemy invaders who have set foot on the Emerald Isle.

Getting away from tradition, it must be noted that Ireland has few distinctive features not found elsewhere save the vivid green of its vegetation. That it has no snakes does not astound scientists, who calmly point out that neither does Scotland, and that only two species are found in all England.

CAPSULE HISTORY—Most ancient traces of man in Ireland go back to the Stone Age. The island was invaded in prehistoric times by a series of related groups, the last of whom were the Milesians. After Saint Patrick and the conversion of the Irish to Christianity the island entered its "Golden Age," even extended its rule into Great Britain. But hordes of Danes and Norsemen invaded Ireland and there followed a period of darkness and misery when "Each man ruled his own tribe, but no man ruled Erin." Then came harsh English rule with the most extreme discrimination against the Irish Catholics.

Revolt flared and died, only to flare up again. Finally the English realized that Ireland would never be less than a hot-bed of insurrection, and gradual legislative

### INTO THE PAST

Ten Years Ago

Mrs. L. C. Riegel, prominent in various phases of Parent-Teacher work in the city, was re-elected president of the Parent-Teacher Association Council at the annual meeting held Monday.

Dublin celebrates St. Patrick's day tomorrow, but without the benefit of enough shamrocks. A heavy blizzard left hundreds of acres of the little green plants buried under the snow, causing a near-famine.

Older residents of Escanaba who have been keeping track of the weather recalled Tuesday that there was an unusually warm St. Patrick's day 27 years ago, when even the grass turned green, and the local residents sat out in the sun in their shirt sleeves.

Twenty Years Ago

Harry W. Cowan, blind slayer of Edith Burton, was pulled from the shadow of the electric chair late today as he and two other men were preparing to pay with their lives for murders they had committed as a result of love affairs.

Building permits are being issued at the office of City Clerk Carl E. Anderson with a frequency which confirms the accuracy of other "signs of Spring."

Whatever attitude the United States and the world eventually may adopt toward the employment of poison gas in wartime League of Nations circles read from a document from Washington presented to the League today that the United States government has no intention of dropping preparations for defense against possible poison gas and bacteria attacks.

The "one-eyed" driver—the motorist who neglects the burned-out headlight—once more is the subject of attack of the sheriff's department.

changes were made but not enough to quell demands for Home Rule. These demands continued until Ireland had its own government—the Irish Free State. By 1933 the Irish did not even have to go through the formality of the much-hated oath of allegiance to the Crown.

IRISH IN AMERICA—The population of Ireland reached its peak of nearly nine million in 1841. The population had increased rapidly because of the potato—a crop that did well on Irish soil and was nutritious and easily grown. Then in 1845 there came the "Potato Famine." The potato crop failed and millions of Irish starved or emigrated to other countries.

Between 1847 and 1852 more than one million Irish went to the United States. The number grew in the years that followed.

In this country the Irish found opportunity for religious freedom. They became in the majority dwellers in cities, for few turned to the cultivation of the soil—perhaps remembering the poverty that had attended their farming work for absentee landlords in Ireland.

WIT AND HUMOR—Although basically Celtic with a mixture of English, Scandinavian and Mediterranean strains, the Irish have certain characteristic qualities recognized as typically "Irish." They are witty, with a peculiar mental slant that catches the humorous and enables them to express it in a phrase. There is

### Q&A Service

By WS Bureau

What do you want to know? We will answer questions on any subject not involving extended research. Legal or medical advice cannot be given. Write your question clearly, sign your name and address and (IMPORTANT) Mail this coupon and a 3-cent stamped, self-addressed envelope to: Daily Press Service Bureau, 1217 Thirteenth St., Washington 5, D. C., for a personal reply. Don't telephone; write as directed.

Q. My wife and I are both veterans. May we both receive subsistence allowance while attending college full time under the G. I. Bill of Rights?

A. Yes. You may receive \$90 per month for yourself and wife. Your wife is entitled to receive \$65 in her own right while pursuing her college course.

Q. How soon after discharge must an honorably discharged veteran apply for reinstatement in his former job?

A. Within ninety days after discharge.

Q. Does the red spiral stripe on a barber's pole signify blood?

A. No. It symbolizes the winding of a bandage around the arm of a patient on whom the barber had operated. At an earlier period, when bleeding was extensively practiced as a cure for ills, a barber would do the blood letting.

Q. Is there a larger land based plane than the B-29?

A. Yes, the B-36 and the XC-99. The wing span of the XC-99 is 230 feet and it is 182½ feet long. The tail surface stretch 57½ feet into the sky. The plane will carry 400 troops, 335 litter patients or 100,000 pounds of cargo. It will have a maximum range, with reduced loads, of more than 8,000 miles and will be capable of speeds in excess of 300 m. p. h. The XC-99 is now under construction.

Q. Which private educational institution has the highest endowment?

A. Harvard. It has an endowment of \$156,079,411. The second is Columbia University, New York City, with \$88,265,934.

Q. Do you have a recipe for pecan pie?

A. Cream ¾ cup brown sugar with 1 tablespoon butter; add 1 cup K-rn syrup, 3 eggs well beaten, a few grains of salt, 1 teaspoon of vanilla. When well mixed, add 1 cup of coarsely chopped pecans, turn into a pie tin lined with plain paste and bake in a moderate oven until firm.

A 24-page booklet with detailed instructions for beautifying home grounds—lawns, shrubs, trees, driveways, walks and outdoor living quarters; also a 4,000 word bulletin, "Whitewash and Cold Water Paints"—formulas and directions for all kinds. To get both copies, send this notice with 10 cents to cover postage and handling costs to Daily Press Service Bureau, 1217-13th St., Washington 5, D. C.

LANDSCAPING

charm and beauty in their folklore.

Yet for all the laughter there is melancholy there, and Ireland is noted as much for its songs of heartbreak as for its lilting tunes. Tomorrow then is a day for the Irish, whether they be potato Irish or descendants of Kings of the County. It is a day for Saint Patrick to chase legendary snakes into the sea and for folks the world around to join with the Irish in celebrating happier times for a long-suffering people.

—Clint Dunathan.

## The Washington Merry-Go-Round

BY DREW PEARSON

Washington—Opinion is unanimous on Capitol Hill that President Truman's message on Greece and Turkey represents the most momentous foreign policy step taken by the United States since President Roosevelt decided to convoy supplies across the Atlantic in 1940 to aid beleaguered Britain.

The two moves are regarded as analogous. One cast the die in regard to Germany. The other may cast the die in regard to Russia.

In fact, the message is so vital that some of the President's best friends on Capitol Hill wish he would not cloud the issue by the friendships he keeps.

Specifically they are worried over the fact that spokesmen for the extreme Greek Royalists, against whom a large part of the Greek population is so bitter, appear to have ready access to the White House.

Shortly before President Truman delivered his historic message, for instance, he conferred with Archbishop Athenagoras of the Greek Orthodox church and Reverend Thomas Daniels, sometimes known as Paphothomas Daniels, or Daniel Paphothomas. Greek-Americans who know this pair were amazed that they could even get inside the White House, let alone hold a long conference with the President, and later be winned and dined with Truman's military aide, General Harry Vaughan.

Not only does the Archbishop represent the extreme Royalist faction in Greece, but the Reverend Daniels is one of the most controversial figures in the Greek church.

#### —CONTROVERSIAL PRIEST—

The records of the District of Columbia court show that on Feb. 14, 1938 suit was filed by local Greek-Americans to remove him as pastor of the Saints Constantine Helen Greek Orthodox church because of unpriestly behavior. The police records of the District of Columbia show that on July 22, 1930 he was arrested on a charge of drunkenness (Case 930503) and forfeited collateral.

The records of the superior court of New Haven, Ct., (7-26-17) show that he was cited by Judge Donald Werner as having "committed adultery" in the divorce case of Heris vs. Heris. The court of common pleas in Philadelphia (9-13-16) also shows him cited for adultery in the divorce case of Coroneos vs. Coroneos. The Atlantic City police court (8-25-22) also shows the priest arrested on a charge of grand larceny in connection with the theft of \$650 worth of jewels from a hotel room. He was discharged for lack of evidence.

In such bad repute is Rev. Daniels with the Greek-American community, that the St. Sophia church of Washington has adopted a standing bylaw that he may not enter the church even as a worshipper.

No wonder many Greeks were shocked, and amazed that this man should be received by the President of the United States, be entertained in the company of his military aide, and appear to be advising the President on Greek policy.

Congressmen who have been looking into the Greek church influence at the White House at first were inclined to think that the contacts of the Royalist Archbishop and Rev. Daniels were purely social. However, inquiry at the state department has developed that in one case they succeeded — through their friend, General Vaughan — in overruling an assistant secretary of state who had authorized a passport to an American citizen of Greek origin. Daniels protested — through General Vaughan — that the passport applicant was unsympathetic to the King of Greece. And they got their way. The passport was withheld.

If Greek church Royalists are able to reach into the state department in regard to passports; some congressmen are wondering what influence they may have on the most vital foreign policy step this country is taking in many years. While agreeing with President Truman's broad objectives, they are worried about some of the Greek palace guard who appear close to the White House throne.

#### —SOVIET ENEMIES BUY—

A lot of people in the publishing business, now starving for paper, were hoping that Russia would begin exporting newsprint after the war. Indirectly, she has; but under unique circumstances.

Finland owes Russia \$700,000,000 in reparations and as one installment toward paying it off, the Finns recently delivered to the Russians 25,000 tons of newsprint. The Russians in turn are selling it in New York.

Interesting facts, however, are the price and the buyers. The price is \$183 a ton FOB New York! This contrasts with the average price in New York today of around \$84 a ton. During the war, OPA held prices down to \$55.

Even more interesting, however, are some of those purchasing this high-priced Russian newsprint.

## ETHIOPIAN AIR LINE PLANNED

Francis Langenfeld Of Escanaba Engaged In Project

Francis Langenfeld, son of Mr. and Mrs. John Langenfeld, 1211 Seventh avenue south, has arrived in Addis Ababa, Ethiopia, where he will be engaged in the launching of a new airline covering North Africa, the Near East and Europe.

Langenfeld has been loaned by the TWA Airlines of Kansas City, Mo., to the Ethiopian government for the aviation development program. During 1946, he was employed as operating supervisor on an airline established in the Philippines, with headquarters at Manila.

He is a graduate of Parks Air College of East St. Louis, Mo. Addis Ababa, a city of about 80,000 inhabitants, is the capital of Ethiopia.

## Centennial Rites Begin In Lansing

Lansing, (P)—Michigan's capital turned back its calendar today to begin a week-long centennial celebration.

Lansing residents prepared to dress in hoopskirts, frock coats and stove-pipe hats and ride in surreys as they observe the 100th anniversary of the Legislative Act signed by Governor William L. Greenly on March 15, 1847, which established the "Seat of State Government in Lansing Township, Ingham County."

A centennial queen, selected from nearly 70 candidates will reign over the weeks activities which will be highlighted by the Governor's luncheon, a costume ball, beard-growing contest, and historical pageantry.

Lansing came to be the capital of Michigan because a Legislative joke backfired in the 1847 session. While clamors of Jackson, Ann Arbor, Marshall, and a half dozen other towns to be selected as the new capital deadlocked the 12th Legislature in Detroit, a lawmaker jokingly proposed that the capital be located in the township of Lansing.

The proposal gathered momentum and two months later Lansing hardly a cross-road at the time, nosed out the leading contender, Marshall, to be designated as the state capital. The site was known at first as "The Town of Michigan" but was renamed Lansing over the objections of many who wanted it named for a prominent state or national figure or an Indian name.

The city of Lansing was not incorporated until 12 years later although a state house was constructed in time for the Legislative session of 1848.

The centennial celebration will get under way Monday at a governor's luncheon honoring Governor Sigler at which the centennial queen will be presented for the first time. The evening program will feature a city-wide St. Patrick's day dinner.

The 64th Legislature meets in joint session attended by the governor, members of the Supreme

Court and elected officials Tuesday to honor the founding of the capital. Former Governor Alex J. Groesbeck may address the session.

Other Tuesday events include a merchant's breakfast to be attended by all employees of Lansing shops in centennial costumes which they will wear in the stores all day, the judging of window displays of 100-year old relics, and the selection of Lansing's oldest native couple. North Lansing will hold its 40th annual Farmers' Day and smelt dinner.

The memories in Michigan show, a historical tableau, with Governor Sigler and C. W. Otto, secretary of the Lansing Chamber of Commerce, speaking on "Michigan Yesterday and Today," will be presented Wednesday and Thursday evenings.

A public costume ball is scheduled for Friday night and the celebration will close Saturday evening with a special centennial dance for the teen-agers.

## New Car Buyer Acts The Same Away From Home

Frankfurt—Luxury-hungry Americans who pay fabulous prices for private automobiles in Germany were made a target of GI criticism for having lost "all sense of value."

The Army newspaper, Occupation Chronicle, said as much as 300 per cent above original purchase prices was being offered for "anything with four wheels" by soldiers and War Department civilians.

Citing examples, the newspaper said a late-model American car, selling for about \$1,500 in the United States, was auctioned to an eager buyer for \$4,000. Prices as high as \$2,000 are offered for second and third hand jeeps.

Owners who paid perhaps \$400 for a jeep a year ago and now are going home, "sit by watching as prospective buyers fall over them-

## ROUND HOUSE BREAKS DOWN

76 - Year - Old Structure At Marinette Collapses

Marinette, Wis.—The Chicago & North Western Railroad's 76-year-old four-engine roundhouse near the Carney avenue crossing in Marinette partially collapsed at 7:30 p. m. Thursday, burying switch engine No. 2031 under roof timbers and bricks.

North Western engineers were surveying the damage today. Officials said the collapse was apparently caused when the switch engine went too far into the roundhouse and bumped a supporting timber that jarred the north section of the roundhouse roof loose. It tumbled in on the engine.

The engine was undamaged and ready for use today and no one was injured. Meanwhile workmen cleared away the debris. The North Western has four switch engines operating in the Twin Cities. No. 2031 had just completed its day's run and the other three were in use.

The brick, timber and steel roundhouse was built in 1871. North Western officials said today they didn't know whether the damaged section would be rebuilt immediately or not.

## Smallest Farms Show Huge Gain

Chicago (P)—Although there has been a steady decrease in small farms throughout the United States the Department of Agriculture reports a big increase in "very small farms."

These tracts of 10 acres or less are referred to as "so-called farms—not much more than rural residences for city workers." The department says their number has jumped by 300,000 since World War I, and by 90,000 in the last five years.

Worn kingpins, steering knuckles, or tires, are frequent causes of shimmying.

Howard Bourdeau, 1409 Third avenue north, is a surgical patient at St. Francis hospital.

## Obituary

MRS. JOHANNA KURTH Last rites for Mrs. Johanna Kurth were conducted by Rev. William Lutz of the Salem Evangelical Lutheran church Saturday afternoon at 2 o'clock in the Anderson funeral home chapel. Burial was in Lakeview cemetery.

During the service three duets, "Abide With Me," "The Lord Is My Shepherd" and "Let Me Go," were sung by Mary Ann Ottensman and Lois Mae Lemke. Mrs. Henry Ottensman was accompanist.

Pallbearers were William Reifers, Nick Boures, Hans Gafner, John Norden, William Norden and Charles Kostitzke.

## Tobin To Chicago For B.R.T. Meeting, First In 7 Years

Claude J. Tobin, 1005 Fourth avenue south, local chairman of the Brotherhood of Railroad Trainmen, leaves tonight for Chicago to attend a meeting of the full general committee of the B. of R. T. on the C&NWRR, which is composed of all local lodge chairmen on the C&NW system.

Because of the war, this is the first such meeting in seven years. Ordinarily held every four years in January, after the election of local chairmen in November, this year's meeting was postponed because of the Grand Lodge convention, held in Miami, Fla., the latter part of September and the early part of October, interfered with the orderly schedule of elections.

The C&NW general committee will elect a general chairman, a general vice chairman, and a general secretary, who as the sub-general committee, will do most of the actual work connected with the grievances and claims for consideration, presented by the local chairmen.

Each railroad system throughout the United States and Canada, has its own B. of R. T. organization. The Grand Lodge, of which A. E. Whitney is president, has its headquarters in Cincinnati, Ohio.

## Hospital

## Canine Prefers Dead Elephants

Stockton, Calif. (P)—Wilbur Williams, tiring of the inanimate row of miniature elephants his wife had stationed on the mantel, rigged up a motor-driven belt. Now the row marches across the mantel.

Wilbur likes it, but says it drives his dog, Patsy, crazy. She jumps and barks until the elephants stop.

"Rented the first day" said Smith

## ALL CARS HAVE WHEELS

BUT IN THE LOW-PRICED FIELD

# Only PLYMOUTH has Safety-Rim Wheels

ORDINARY rim wheels depend on air pressure alone to hold tires in place.

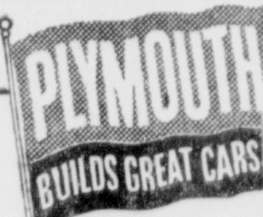

Plymouth Safety-Rim Wheels with standard factory-equipped tires give you proved protection at all times. In case of tire failure, patented retaining humps are there to hold the tire straight and tight on the rim so you can slow to a straight, safe stop.

Ask yourself this: Is it wise to buy any new car that doesn't give you this great

safety feature? In the low-priced field only Plymouth has it—and it's only one of the basic advantages and 52 new refinements you get in the newest Plymouth.

Of 21 quality features found in most high-priced cars, low-priced Plymouth has 20. Neither of the other two leading low-priced cars has half as many. See the proof in the new Quality Chart at your Plymouth dealer's.

G. E. Dehlins  
Are Leading In  
Trophy Sessions

BY LESLIE W. OLSON

With one of the best exhibitions of tournament play the Delta Bridge League has ever seen, Mr. and Mrs. G. E. Dehlin of Gladstone went into a commanding lead at the conclusion of the second session of the three session tournament now in progress in Escanaba under the auspices of the Delta Bridge League.

The Dehlins who held a slight lead at the end of the first session a week ago went on to play 70 per cent bridge on Friday evening and ended up with a lead that is all but conclusive.

Standings at the end of the second session are as follows:

1. Mr. and Mrs. G. E. Dehlin, 131.34.
2. J. L. Temby and L. W. Olson, 116.61.
3. Mrs. H. Needham and E. J. Kremer, 111.40.
4. Mrs. J. Ferguson and C. W. Murdock, 109.63.
5. Mr. and Mrs. B. M. Howe, 106.56.
6. Mrs. M. Bowe and Mrs. R. Layman, 104.99.
7. Mrs. M. Saums and Mrs. E. Martineau, 104.04.
8. Mrs. E. A. Christie and Mrs. R. Louis, 103.17.
9. Mrs. W. J. Clark and Mrs. L. P. Treiber, 102.22.
10. Mrs. J. L. Temby and Mrs. L. W. Olson, 102.21.
11. Mrs. C. E. Johnson and Mrs. W. Jensen, 99.99.
12. Mrs. A. Kraus and Mrs. D. Shipman, 98.53.

Orpheus Club  
Town Hall's  
Next Feature

Next program to be offered Escanabans under the auspices of Town Hall will be the Orpheus Choral club of this city under the direction of Paul Bowers, April 29 at 8:15 p. m., in William W. Oliver Memorial auditorium.

A four-part program for the 48-voice choir is planned by the local group, which has presented citizens of this community with choral programs the past ten years.

One of the selections of their April program is to be dedicated to the memory of Gertrude Bartel, assistant director and charter member of Orpheus before her death last fall.

A St. Patrick's Day party, sponsored by the St. Vincent de Paul society, will be held Monday evening, beginning at 7:30 o'clock, in St. Patrick's parish hall. A program, in keeping with the day, will be presented by the children of the catechetical school and games will feature the entertainment.

All members and friends of the parish are cordially invited to attend. Proceeds of the party will be used for the St. Vincent de Paul charitable and church work during the year.

Waxed woodwork cuts down cleaning. Rub spots that are handled often with a thin coat of liquid wax.

Gereaux, Lucille Hermes, Emily Lemmer, Loretta Mannebach, Sophia Patrick, Marjorie Vande Weile, Anna Jerow, Eugenia Wells and Della Vande Weile.

**VFW Auxiliary**  
The regular monthly meeting of the V. F. W. Auxiliary will be held Wednesday evening, March 19, at 8 o'clock at Grenier's hall. Election of officers will take place at the meeting and all members are urged to be present. A social and a lunch will follow the meeting.

**Eastern Star Meeting**  
A regular meeting of R. C. Hatheway Chapter, No. 49, Order of the Eastern Star, will be held at the Masonic Temple, Tuesday evening, March 18, at 7:30 o'clock. A social hour and refreshments will follow the meeting. Mrs. H. C. Gerletti is chairman of hostesses. Members are reminded of their articles for the bundle and canned goods drive, which is being sponsored by the Eastern Stars of Michigan.

**Chairman for the evening** is Mrs. Agnes Campbell, assisted by Mesdames Alvina Fossbender, Rose Anderson, Wilma Perron, Margaret Hemes, Marie Brown, Pearl Aberly, Mildred Ashland, Catherine Bonifas, Mildred Boyce, Katherine Berens, Rose Coan, Malvina Cotnoir, Bessie

Regional Director Here  
For Camp Fire Birthday

Miss Alice Lund, regional representative of Camp Fire Girls, Inc., for the states of North Dakota, South Dakota, Minnesota, Wisconsin and the upper peninsula of Michigan, is arriving in Escanaba today to confer with the staff of the local Camp Fire Girl Council, conduct training institute for volunteer leaders and organize Camp Fire groups during Camp Fire Birthday Week, observance of which opens today. Mrs. Louise Wilcox Gray, local executive announced yesterday.

A native of New London, Minn. where she also taught, Miss Lund was formerly principal of Washington School in St. Cloud, prior to joining the staff of Camp Fire Girls. She is a graduate of State Teachers College there and subsequently taught in Alexandria and Duluth, Minn. In addition, she attended the University of Minnesota, and did graduate work at New York University. Miss Lund has been active in Camp Fire activities for many years, bringing to her new post wide experience as an educator and former Camp Fire leader.

**35th Anniversary**  
Birthday Week activities in Escanaba, arranged to mark the thirty-fifth anniversary of the incorporation of the Camp Fire Girls organization, will open Tuesday.

In the afternoon at 3 o'clock, Miss Lund will meet with the St. Joseph groups in the home and school rooms and the meeting will be followed by a tea which will be served by St. Joseph's Horizon club girls. Tuesday evening, at 8 o'clock, the field representative will conduct a special training course for all Blue Bird, Camp Fire and Horizon club leaders in room 205 of the Junior high school. The course will consist of games, folk dancing and singing.

The Wednesday program will open with a meeting of all Blue Bird leaders, which Miss Lund will conduct, at the home of Mrs. Carl Nelson, 316 Second avenue south. Wednesday night at 8 o'clock all Camp Fire and Horizon club leaders will meet with Miss Lund in the back stage room of the Junior high school.

**Council Fire Thursday**  
The climax of the Birthday Week activities will be the Council Fire which will be held Thursday evening at 7:30 o'clock in William W. Oliver Memorial Auditorium, Junior high school building, for all Blue Bird, Camp Fire and Horizon Club girls. This meeting is open to the public and parents and friends of Camp Fire Girls are urged to attend. All girls are to report at the high school that evening at 7 o'clock.

The weeks observance will close with members attending their respective churches in a group.

**Sunday School Teachers**  
Bethany church and chapel Sunday school teachers will meet with the deacons at the church this afternoon at 2 o'clock.

**Chapel Ladies' Aid**  
The Chapel Ladies' Aid of Bethany Lutheran church will meet Wednesday evening at 8:15 o'clock, following the Lenten services at the chapel. Hostesses are Mrs. Hannah Carlson and Mrs. Edmund Peterson.

**Missionary Society**  
The Woman's Missionary society of Bethany Lutheran church is meeting Thursday evening at 8:15 o'clock, following the Lenten services in the church. The hostesses will be Anna Anderson, Edna Starrine, Mrs. Helmer Flink, Jennie Doman, Jennie Johnson, Esther Anderson, Mrs. J. M. Bergquist, Esther Palmer, Mrs. Worthly Magnuson and Edith Carlson.

Pennies should not be placed behind fuse plugs in a fuse box as they destroy value of the fuse as a safety valve.

Eastern Stars  
Sponsor Drive  
To Aid Children

A bundle and canned goods drive to obtain clothing and food for needy children of Europe and America, is being launched under the sponsorship of the Michigan Grand Chapter of the Order of the Eastern Star. It was announced yesterday by Mrs. Edward F. Erickson, who is chairman of the drive in this district.

Everyone in Escanaba and vicinity is invited to contribute. The articles may be left at the Masonic Temple dining room in Escanaba, or, if the donors wish them called for, they are asked to call Mrs. Erickson.

"Many children of Europe are undernourished and poorly clothed," Mrs. Erickson stated yesterday, in announcing plans for the drive. "We all know conditions which still prevail in war-stricken countries and the great need of these growing children. Our American children, too, need the clothing which more fortunate children have out-grown."

"Everyone is asked to join us in our effort to save children from exposure and malnutrition, here in America and in Europe."

## Births

A daughter was born to Mr. and Mrs. Anthony Rauch of Chicago on March 11. The child, who weighed eight and one half pounds at birth, has been named Patricia Mary. Mrs. Rauch is the former Marie Adele O'Connell, daughter of Mrs. Charles O'Connell, a former resident of this city, and now of Chicago.

Mr. and Mrs. Earl Weissert of Spalding are the parents of an eight-pound son born on March 13 at the Daggett Maternity home. Mrs. Weissert is the former Helen Bouty of Spalding.

Mr. and Mrs. Noel Derouin, of Bark River Route 2, are the parents of twin sons, born March 13 in St. Francis hospital. The boys have been named Joseph Noel and John Alfred, and the former weighed four pounds, four ounces, and the latter three pounds and 15 ounces at birth. The mother is the former Bernadette Holland, daughter of Mr. and Mrs. Alfred Holland of Escanaba Route 1. The children are the first in the family.

Waxing curtain rods not only protects them from rust but makes it easier to slide curtains back and forth.

Pittman Elected  
Christian Science  
Church Director

The Christian Science Board of Directors of the Mother Church, the First Church of Christ, Scientist, in Boston, Massachusetts, have announced the election of Alfred Pittman, C. S. B., of Boston to fill the vacancy on the board caused by the resignation of W. Stuart Booth, C. S. B., who is returning to Denver, Colo., where he will continue his work as a practitioner and teacher of Christian Science. Mr. Booth served eight years on the Board.

Mr. Pittman is a native of St. Joseph, Missouri, and graduated from William Jewell College in that state. Later he carried on special studies in England, under a scholarship from the American Association for International Conciliation, and also at Harvard University.

Mr. Pittman served on the editorial staff of the Kansas City Star and of The Christian Science Monitor, and subsequently as Associate Editor of System and Factory magazines in Chicago. In June, 1940, Mr. Pittman was elected Associate Editor of the Christian Science Journal, Sentinel and Herald.

Pine Ridge Club  
Meeting Enjoyed

An enjoyable and interesting meeting of the Pine Ridge Home Economics club was held Thursday evening at the school. Guests at the meeting were Mrs. Emil Ahlin, of Escanaba, Mrs. John Barr, of Bark River, and Mrs. S. N. Bradford, of Escanaba. Mrs. Ahlin and Mrs. Barr conducted the lesson textile painting, demonstrating the method of making attractive designs at a minimum cost. A lunch was served during the social which followed the lesson. Hostesses were Mrs. Andy Anderson, Mrs. Clarence Sundquist, Miss Mary Stone and Mrs. Leonard Winkling.

Orpheus Will  
Hold Rehearsals

The Ladies' Chorus of the Orpheus Choral club will meet for rehearsal this afternoon at 2:30 o'clock in Westminster hall of the First Presbyterian church. The regular general rehearsal of the club Tuesday evening will be held in the Senior high school music rooms. Members are asked to meet promptly at 7 o'clock that evening, and to use the west, or Twelfth street entrance to the school. A full attendance is expected and anyone unable to attend is asked to call Vivian Olson, secretary of the club, at 1681-J.

Expert On Folk  
Dances Will Be  
Here March 24

Miss Janet E. Tobitt, internationally known compiler of collections of folk dances, and teacher of folk dances and singing games, will appear in Escanaba at the Youth Center, Monday evening, March 24, at 8 p. m., and in Gladstone Tuesday evening, March 25. Miss Tobitt is appearing here under the sponsorship of the Escanaba Girl Scouts. All adults are cordially invited to attend. There will be no admission fee.

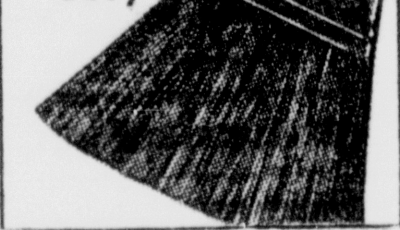

Miss Tobitt is especially interested in school age children, both here and in her native England. In her training sessions she shows how worthwhile material may be quickly presented and enjoyably performed. In her appearance here she will conduct a training session on folk dances, singing games and songs for social singing for adults who are interested in taking this knowledge to youngsters. Leaders of boy and girl organizations will be especially benefited by this training, given by this most outstanding teacher.

For years Miss Tobitt has been associated with the Girl Guide and Girl Scout movements and acts as music and dance consultant to many other organizations. She frequently gives leadership

courses at national training schools and university summer schools.

A great deal of the material in Miss Tobitt's books have been collected by her in the countries of their origin. She has studied in England, France and Switzerland and has a degree from St. Andrew University in Scotland.

Personal News

Miss Liota Stratton, who was called home by the death of her father, Edward M. Stratton, left Saturday morning for Chicago.

Henry Huckschpahler, 701 South 15th street, left yesterday for New York City to attend a meeting of Prudential Life Insurance company managers.

William Roberge, 900 Second avenue south, and his daughter, Louise, are leaving today for Lansing where they will visit with Mr. and Mrs. Luke Labre, son-in-law and daughter of Mr. Roberge. Mrs. Roberge, who has been visiting with the Labres for the past month will return home with them the latter part of the week.

Mrs. Harold Van Oss of Channing is visiting here with her mother, Mrs. Betsy Frizzell, who is ill. Mrs. Frizzell lives in Escanaba with another daughter, Mrs. Chester Anderson, of 1223 North 22nd street.

Master Sergeant and Mrs. Robert Stratton, who spent the week with Mrs. Stratton's family in Houghton, returned to Escanaba Saturday, and will remain with Sgt. Stratton's mother, Mrs. Edward M. Stratton, of Kipling, for a few days, before leaving for Fort Knox, Ky.

Mrs. Ernest J. Dufresne, 324 South Eleventh street, has been dismissed from St. Francis hospital, where she was a surgical patient and is recuperating at her home.

LeRoy Finn, son of Mrs. Louise Finn, 508 South 19th street, has been promoted to a corporal in the army. He has been in service since last September and is now in the Army of Occupation in Korea.

Mr. and Mrs. James Brown, 212 South 11th street, left Saturday to spend a few days with relatives in Green Bay.

Mrs. John Gaffin and daughter Susan, 1002 Fifth avenue south, are spending the week-end in Menominee visiting with relatives.

Mrs. Herman St. Thomas, 1512 North 23rd street, and Miss Myrtle Grosnick, 325 South Eighth street, spent yesterday in Green Bay.

Lee Hendrickson of Nahma left yesterday for Milwaukee after visiting with friends here.

O. E. Gidlund, 326 North 16th street, left yesterday for Green Bay where he will visit relatives for a few days.

Mrs. Walter Perry returned Saturday to Milwaukee following an extended visit with Mr. and Mrs. George Stewart, 213 North 16th street.

Freda Thorpe of Stephenson is visiting over the week-end with Mrs. Edith Anderson, 1214 North 22nd street.

Mary Collegnon, 1018 North 18th street, is spending the week-end with Mr. and Mrs. Phil LaRue in Munising, formerly of this city.

Mr. and Mrs. Donald Wertz of Milwaukee arrived here this week to make their home in Escanaba. Mr. Wertz is affiliated with the Harnisch-Feger Corporation.

Mrs. John Connolly, 308 South 14th street, left Saturday for Chicago to spend a few days visiting relatives.

Mrs. Phil Lancoeur and daughter Caron, 1630 Ludington, are spending a week in Chicago with relatives.

Mrs. August Van Effen, 327 North 20th street, left Saturday for Chicago where she will visit her mother, Mrs. Ted Ambeau who will celebrate her 78th birthday anniversary on St. Patrick's day.

Mrs. Werner A. Olson and son Ronald, 805 South 18th street, left yesterday for a two-week trip to Green Bay and De Pere, Wis., where they will visit relatives and friends.

Mrs. Eugene LeClair, 405 South 19th street, and Mrs. Adolphus Guimond, 516 South 19th street, are spending a few days with relatives in Menominee.

Mr. and Mrs. Knute Knutsen, 1309 Ludington street, left Saturday to spend a week with relatives in Chicago.

Deputy U. S. Marshal Walter A. Antonson and family of Grand Rapids are in town for a two-day visit at the home of Mrs. Antonson's parents, Mr. and Mrs. Robert Pat Patterson, 604 North 19th street. Mr. Antonson is a former member of the Escanaba police force.

Mrs. C. H. Seymour, who has been visiting here for the past few days at the home of her son-in-law and daughter, Mr. and Mrs. George A. Marcouiller, 801 Lake Shore Drive, is leaving this morning for her home in Waukegan, Ill.

Mr. and Mrs. Matthew Sullivan of Marinette, former residents of Escanaba, are spending the week-end here at the home of Mrs. Sullivan's father, S. M. Johnson, 915 First avenue south.

Arthur Armstrong of Chicago visited his mother, Mrs. Lillian Armstrong, 504 South 13th street, Friday and Saturday while enroute to Toronto, Ont., on a business trip.

Mrs. Frank Newhouse, of 1708 First avenue south, was admitted to St. Francis hospital Friday night as a surgical patient.

The condition of Mrs. Ervin Metevier, who is ill at her home, Lake Shore Road, is improved.

Mr. and Mrs. Leonard Winling, Jr., and their children, Russell and Nancy Lou, of Escanaba, Route One, have gone to Pensacola, Florida, for a month's vacation. While there they will visit with Mrs. Winling's mother, Mrs. Bert Sensiba, a former resident of Escanaba.

Robert E. McDonald, son of Mrs. James McDonald, 235 Ogden avenue, arrived home from the Army air station in San Antonio, Texas, on terminal leave after six months of duty there. A graduate of Escanaba high school in 1946. Pvt. McDonald entered the armed forces in September of last year. He expects to receive his discharge March 20.

Mrs. H. O. Ellingsen and Mr. and Mrs. John Ellingsen of Iron Mountain and Margaret Ellingsen of Norway were visitors at the home of Mrs. Charles Follo, 610 South Tenth street, yesterday. Mrs. H. O. Ellingsen remained to spend a few days with relatives here.

Mr. and Mrs. Ernest Scheenman, 220 North 11th street, Gehart Sivertsen of the same address, Agnes Nelson, Ford River Road, and Mrs. and Mrs. Ellsworth Ellingsen, 1209 Washington avenue, are motoring to Pensacola, Wis., today to visit Mr. Sivertsen's sister, Mrs. John Olson, a former resident of Escanaba.

Mr. and Mrs. Tom Wilkinson, 920 Ludington street, are leaving tomorrow for Milwaukee on business. They will be gone two days.

Alfred Mohandara of Fayette left yesterday for Washington, D. C., on a business trip, after visiting friends here.

Sgt. Harold Wayne Butler of the 29th Army Engineering Corps arrived home Friday from nine months of duty in personnel work at Manila, P. I. Now on terminal leave, Sgt. Butler, the son of Mr. and Mrs. Frank Butler, Lake Shore Drive, expects to be discharged in a month. He enlisted in the Army after graduating from Escanaba Senior high school in 1945. Since that time he has had 22 months duty with the armed forces in Washington, New Jersey and Oklahoma and trained for some time at Houghton School of Mining and Technology, at Houghton, Mich.

It takes three rabbits and 84 gallons of water to produce a single felt hatpiece.

Kiwanis Club Will Hold Ladies' Night On Monday

The fifty-one members of the Escanaba Kiwanis club will on Monday evening, March 17, observe their 25th anniversary at a meeting to be held at the Hotel Sherman at 6:30 o'clock. Ladies of the Kiwanians will be guests in addition to 16 Kiwanians who will attend from the Iron Mountain club and 12 from the Marquette Kiwanis club.

Kiwanis in Escanaba, when President William Warmington sounds the Kiwanis gong, will be exactly 25 years of age. The Escanaba club will be honored on this happy occasion by the presence of Wisconsin Upper Michigan districts Governor Earl M. Wanecek, a Milwaukee attorney, who will deliver the principal address of the evening. Governor Wanecek will speak at the Marinette, Wis., club at noon on Monday and will drive on to Escanaba during the afternoon.

Clarence Zerbel, veteran secretary of the Escanaba club, who has been honored by being appointed general group chairman for youth service by the district, will be in charge of the program which is as follows, song session led by Fred Johnson, presentation by President Warmington of Legion of Honor award from Kiwanis International to Jack Bartella, Escanaba, in recognition of his 25th year of service in Kiwanis. Mr. Bartella is the only remaining original charter member of the Escanaba club. A review of 25 years of Kiwanis activity, by Jack Bartella; Musical selections by the Gladstone high school girls

EARL M. WANECEK

ensemble; comments and presentation by lieutenant governor George L. Best, Iron Mountain; address by District Governor Earl M. Wanecek; Instrumental melodies by Kiwanian A. W. Erickson accompanied by Miss Irene Steen. A period of dancing is planned following the close of the program.

Governor Earl Wanecek was born in Milwaukee in 1900, he attended schools there and graduated from the State University in 1925. He then became a treasurer of a Milwaukee manufacturing firm until 1930 when he entered the law practice. He joined Kiwanis in 1928 and has been active in numerous projects. Served as club secretary in 1941 and as president in 1942, as lieutenant governor in 1946. He has represented his club at many District and International conventions and has had an active part in all of them. He served on the Mayor's advisory committee for three

years, has been president of Milwaukee counties Association for the Disabled, a trustee of the Goodwill Industries; a member of the Budget Committee of the Milwaukee County Community Fund and has carried off innumerable other civic responsibilities with great dexterity.

Since his election to the governorship last August, he has been kept continually active attending such functions as this one of the Escanaba club, as governor of the Wisconsin Upper Michigan district of Kiwanis International, this will be his second visit to the Northern division, his first being last November at Marquette where a training school was held.

The district at present is composed of 82 clubs and over 5000 Kiwanians. The District includes the entire state of Wisconsin and the Upper Peninsula of Michigan extending as far west as Manitowishque.

**Scout Council Meeting Monday**

An important meeting of the Escanaba Girl Scout Council will be held tomorrow evening, March 17, at the Carnegie Public library from 7:30 to 8:30. It is very important that those attending be there promptly at 7:30 so that all business may be attended to before the library closes at 8:30.

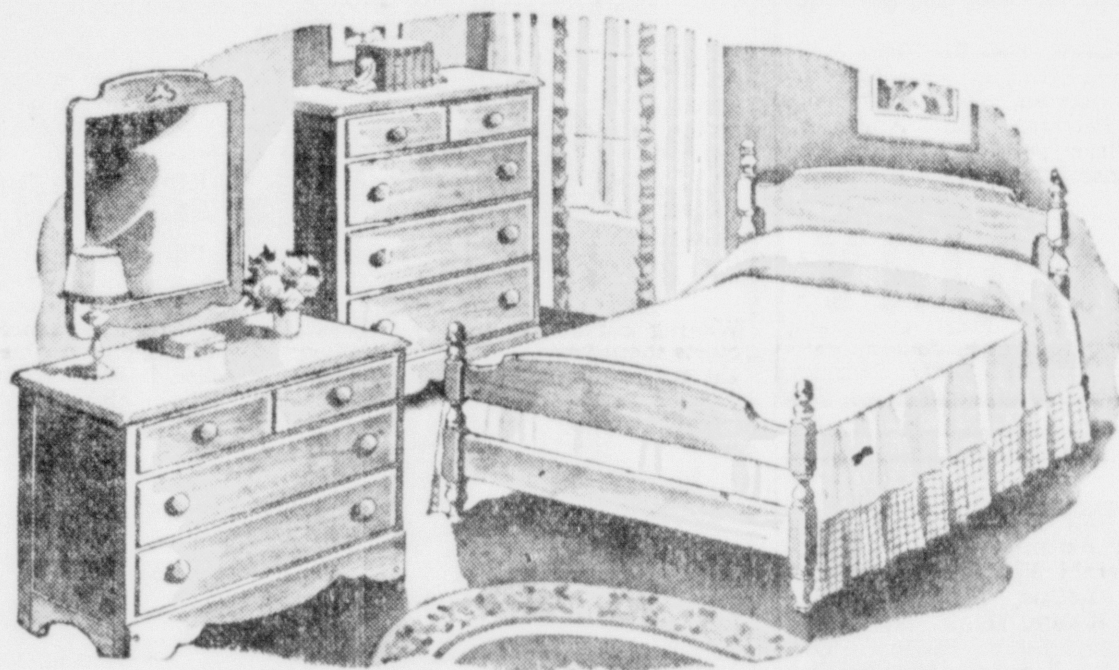

The adult groups composing the council are all board members, all leaders and assistant leaders, all troop committee members, a representative of each sponsoring organization and consultants. A large attendance is expected.

The plan of work and goals for the coming year will be discussed at this meeting.

To be certain that your car is in good condition for winter driving, have it checked before winter comes.

# AAA Urging Growers To Sell Potatoes; Buyers Bid Near Support Price

The grower support price program for potatoes, designed to stabilize the potato market and protect growers from losses during the postwar agricultural conversion period, apparently is entering the final phase of the current high price cycle.

Prior to Dec. 31 the federal government through the agriculture department paid loans to growers on 1,279 carloads of potatoes in the Upper Peninsula. Under the loan agreement the grower received \$1.15 per hundredweight, with payment of an additional \$1.15 guaranteed when the potatoes were shipped at government order to state or federal institutions.

About one-half of the 1,279 carloads has been disposed of. The remainder is still in storage in Upper Peninsula warehouses, according to Warren Hubbard, Stephenson, in charge of the AAA program in the U. P.

**Must Repay \$1.15**  
"We will gladly release potatoes to the grower who wants to sell to a buyer at any price satisfactory to him—in fact we are encouraging the farmers to sell on the open market," Hubbard said yesterday. "All the government asks is that it be protected and the grower repay the original \$1.15 per hundredweight he received under the potato loan program."

Hubbard added that potato buyers in Houghton and Marquette counties are paying \$2.28 per hundredweight—within two cents of the \$2.30 the farmer receives from the government if he ships the spuds at the direction of the government.

If the farmer hangs onto his potatoes, however, and they spoil in the bin, he will receive \$1.85 per hundredweight. Some of the potatoes have been already dumped in the Upper Peninsula and there will be more the longer they stay in storage. Hubbard said that the AAA

the subsidy program.

What spuds have been shipped go to state and federal institutions in the Middle West. In addition the potatoes used in feeding livestock help little in holding whatever place the U. P. potato had with the consumer.

**Fearful of Future**  
Potato growers generally are depressed over the situation, although they are financially insured against loss by the government. They are first of all fearful that the subsidy program which directs their crop into institutions and the stomachs of livestock will not help the Michigan potato become known to the consumer who buys on the market.

Potato buyers also eye the program with disfavor. In Delta county the best potatoes grown last year are under loan to the government. Local buyers are concerned because they not only have to compete against a price supported by taxpayers money, but because they would like to see the Michigan potato find a better place on the highly competitive market in Chicago and Detroit. With few potatoes to ship

they look forward with apprehension to what the future will bring. One Escanaba potato buyer reports that he has bags to ship between 50 and 60 carloads of potatoes, and will pay \$1.85 per hundredweight—but he can't get the potatoes.

The announcement by Warren Hubbard of the AAA that he is encouraging farmers to sell on the open market instead of holding his spuds for the government should result in some improvement in the situation.

**Lower Price Forecast**  
It has been announced in Washington by the Department of Agriculture that if another potato surplus is produced this year, the consumer may get potatoes at less than grower support prices.

The agency said that in carrying out a congressional commitment to support prices at not less than 90 percent of parity, it will not adhere as rigidly as last year to programs designed to maintain consumer prices at or above that level.

Instead, it may let prices in consumer markets directly affected by surpluses to drop below that level and make up the dif-

ference to eligible growers indirectly through government payments. Only those growers who plant within department allotments will be eligible for price support aid.

The program would work something like this: In areas with a surplus arising largely from overproduction by non-eligible growers the government would authorize dealers, acting as its agents, to buy potatoes at support prices from growers who planted within their allotments.

Dealers in turn would be authorized to sell the potatoes at less than support prices. The difference would be made up to the government from funds available for price supports.

Grower support prices for early and intermediate varieties of potatoes range from \$2 and \$3.90 per hundred pounds. Support levels for late potatoes, which normally bring considerably lower prices, will be announced later.

Pedestrians should always walk on the left side of a road or highway, facing approaching traffic.

## RULE ELECTION TIME HERE EST

Means Polls In All But  
Three Townships To  
Close at 7 p. m.

The official time for the opening and closing of polls in Michigan is Eastern Standard Time, which will mean that in the April 7 election the polls in all but three Delta county townships will open at 6 a. m. and close at 7 p. m. on the present time to come under the ruling.

Delta County Prosecuting Attorney J. Clyde McGonagle yesterday said that he was advised of a ruling to that effect by Attorney General Eugene F. Black, Lansing. The opinion on the time for the opening and closing of the polls had been requested earlier by F. L. Symonds, prosecuting attorney of Iron county.

Three townships in Delta county—Nahma, Fairbanks and Garden—now are already on Eastern Standard Time. In those townships the polls will open at 7 a. m. and close at 8 p. m.

In Gladstone, Escanaba and the remaining townships in the county, Central Standard Time, it will be necessary to open the polls at 6 a. m. and close them at 7 p. m. to conform to the ruling.

### Nahma

#### Personals

Nahma, Mich.—Mr. and Mrs. Fred Olmsted of Garden were dinner guests at the Fred Olmsted home here last Monday.

Mr. and Mrs. Shirley Warner were called to Milwaukee on Wednesday due to the serious illness of Miss Leone Egbert. Mrs. Robert Egbert has been in Milwaukee for the past week with her daughter.

Mr. and Mrs. Robert Lester of Van's Harbor visited at the Amos Ritter home on Wednesday.

**Awarded Stenographic Diploma**  
Miss Jean Elizabeth Thibault, who has been attending Miss Brown's School of Business, in Milwaukee, has completed her post-graduate course, and has been awarded her stenographic diploma. She has been placed in a very fine position with the Milwaukee Journal.

Miss Thibault is the daughter of Mr. and Mrs. Victor Charles Thibault of Nahma. She is a graduate of the Nahma high school, and attended Northern Michigan College of Education.

**Bowling Notes**  
Nahma, Mich.—The accurate bowling of Dick Hescott and Jim Taddy enabled the Celtics to command a firmer hold on the lead position as they defeated the Pirates three times on Tuesday night. Shirley Warner's Billy Goats took two games from the Benettes Blue Ribbons on Monday evening. This put the Billy Goats in second place trailing the Celtics by one game. The Hot Shots proved too much for Lew Branner's Scholars on Wednesday night as they handed them two losses. Dick Hescott of the Celtics received the week's honors with a game of 224.

### Webster Cub Leaders To Meet On Monday

Leaders of the Cubs, Boy Scouts of America, at the Webster school will meet at 7:30 o'clock Monday evening in the school. It will be an annual meeting, and committee reports of activities for the past year will be heard.

The meeting will be attended by the Cub committee, the leaders, and Den Mothers, and any others interested in the promotion of Cubbing activities in the Webster school area.

Tidal inequalities are demonstrated at the Panama Canal; the Atlantic side generally has only one a day while the Pacific side has the customary two.

## Old Fort Robinson To Hear Last Taps

By TIM PARKER

Fort Robinson, Neb.—(P)—Old Indian-fighters won't believe it until the last soldier shoulders his pack and hikes away.

But the word from Washington is that old Fort Robinson is being shifted from the War Department to the Department of Agriculture.

It's a sad change to contemplate for a proud frontier outpost which played a great part in the "winning of the West."

For tale-spinning old-timers among the Indians and early settlers, it's the body blow after the fort's World War II assignment: training dogs.

Of course, they were war dogs, taught to be as ruthless with the enemy as was Chief Crazy Horse who first broke Custer's line at the Little Big Horn.

Still, they were just dogs. Not remnants of stout young men putting down the greatest uprising in Indian history.

Only a year after it was built in 1874, the fort was sending out columns to fight the Cheyennes and the Sioux. The campaign lasted three years, with no clear decision on either side.

It was during this three-year war that Crazy Horse and Chief Sitting Bull led the Custer massacre. When Crazy Horse finally was taken, he met death inside Fort Robinson's gates.

Crazy Horse died in the same guardhouse from which Chief

Dull Knife and his band made a dramatic escape. Dull Knife and his men were killed—but not until their bravery and chivalry toward their women and children had won them great admiration.

Gold was discovered in the nearby Black Hills of South Dakota. Some of the flood of immigrants refused to honor the lines between Indian and Yankee country. Fort Robinson troops were kept busy protecting American prospectors, even those who trespassed on Indian domain.

There are no more Indian wars. But there are wrinkled old Indians who remember those turbulent days, and other ancient whites who boast their part in the early frontier battles.

Greatest reminder at the fort of the Indian campaigns is the old cemetery. Bodies of many soldiers, civilians and Indians, most of them veterans of the Sioux and Cheyenne campaigns, lie there. The two most noted graves are those of "California Joe" and "Little Bat," two famous Indian scouts.

Fort Robinson was almost abandoned once before—in 1910 when its troops were sent to the Mexican border. But some reason for maintaining it was found and in 1919 the Fort Robinson quarter-master remount depot was set up.

The quarter-master remount depot had only one purpose: to take care of, buy and dispose of "public animals." That meant horses, and the fort abounded with them until war was thoroughly mechanized.

The war dog training—which put the fort back in the public eye for the first time since the Indian wars—began in October 1942. If it wasn't as heroic as Indian fighting, it was certainly impressive for those who live in Nebraska sandhills.

The war dogs were decked out in fine harness, had heated huts, and soldiers danced attendance on them. Scoffers, however, learned of the dogs' valiant service at the battlefield and in guarding war installations. More recently some of the few remaining dogs pulled sleds into Colorado mountains to rescue air crash victims.

## U. P. FAIR TO OPEN EARLIER

State - Wide Competition  
In Cattle Allowed  
This Year

The 1947 Upper Peninsula State Fair will be held August 19-24 in Escanaba, a week earlier than last year, it has been announced by Harold P. Lindsay, secretary-manager of the fair.

Decision to move the Upper Peninsula State Fair ahead one week was made by the board of managers in order to permit bookings of fair attractions with the Wisconsin Class A circuit.

The fair will open on Tuesday, August 19, and will continue through Sunday, August 24. There will be a big grandstand show each afternoon and evening, and the Gem City Shows, comprising 12 rides, 8 shows and 34 concessions, will operate on the midway.

There also will be two outstanding free acts presented on the midway. The horse, sheep, swine and beef divisions of the exhibition will be revised this year to permit statewide competition. This change is being made at the request of the exhibitors, who reported that competition with downstate farms would result in improvement of Upper Peninsula farm animals.

An increase in premiums for women's exhibits also is planned for the 1947 show, and a new department for manual training and machine shop exhibits will be added.

A request has been made for an appropriation of \$25,000 to construct dormitories to house 4-H boys and girls at the Upper Peninsula State Fair.

The U. P. State Fair queen contest, a highlight of the 1946 exposition, will be held again in 1947 under the direction of a

committee headed by Mrs. Gunther Meyland and Claude Bishop of Marquette.

## Wolverines Launch Annual Membership Campaign This Week

With the announcement of a meeting of the membership committee of the Wolverine Conservation association on Tuesday evening, Roy L. Lee, membership chairman, said that the annual membership campaign will get under way during National Wildlife Restoration Week, March 16 to 22.

In calling the group together, he pointed out that Escanaba is a good sports town right in the center of some of the nation's finest hunting and fishing and has a continuing need for an active sportsman's club. He said:

"If we are to have such a club the members must make it and this committee is going out with the Wolverine buttons and give all sportsmen a chance to join up and make it a good club."

Lee is calling his committee to meet with his lieutenants, Howard Eldred and Stuart Fry, to map final plans for the drive to complete the membership lists.

**Medal of Merit**—Prof. James K. Pollock of the University of Michigan, who has addressed meetings in Escanaba several times, was recently awarded the medal of merit in recognition of his service to the military government in Germany from Oct. 17, 1945 to Aug. 6, 1946. He was recently granted a 60-day leave to serve as civilian advisor in the American occupation zone.

**Rotary Program**—The Escanaba Rotary club at its Monday noon meeting in the Delta hotel will hear O. E. McGuire, district engineer for the state health department in the Upper Peninsula. He will describe the operation of a sanitation program to safeguard public health.

**Inspection**—George Bishop of Marquette, district governor of Lions International, will make his annual inspection of the Escanaba Lions club at a meeting of the club to be held on Monday evening at the Chicken Shack. Norman Dahlke will be in charge of the meeting.

**K-C Meeting**—The regular business meeting of the Knights of Columbus will be held Tuesday evening, March 18, at 8 o'clock at the clubrooms. An educational film will be shown after the meeting.

**Not Guilty**—Kenneth Kell, Route 1, Powers, was declared not guilty of reckless driving in Justice Ranguette's court yesterday when he stood trial on charges pressed by George Wheeler, also

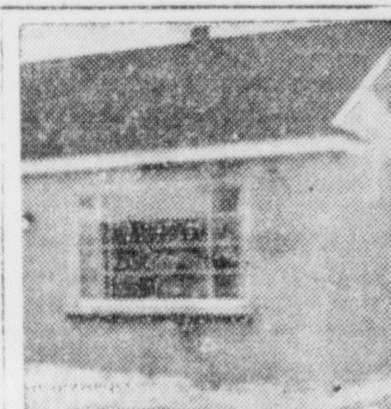

of Powers. The charge grew out of an accident on Feb. 16, one mile west of the Ford River bridge on U. S. 2-41.

**Under Advisement**—Justice Ranguette took under advisement yesterday the case of Henry Mattord, RFD 2, Carney, 21 years of age, who had pleaded not guilty when charged with reckless driving after an accident, at 23rd and Ludington street, the night of March 3, in which Mr. and Mrs. Joseph Mischeau, Jr., of Rapid River, their son, Billy, aged 3, and Danny, aged 7 months, were injured. Arraigned on March 4, Mattord pleaded innocent, and the case continued.

**Ship Crew Called**—Ernest Fourrier of Ford River will leave this morning for Toledo, Ohio, called

to report for duty on the steamer W. H. McGean as engineer. Ole Johnson of Escanaba will go as second assistant on the McGean and Manfred Peterson of Escanaba will be an oiler.

## COWELL BLDG. --: MUNISING --: PHONE 162

## Eleven Men Sign For Vets' Flight Training Course

Munising—Stanley Long, director of the Long Air Activities company in Marquette, reported that eleven ex-GIs of Alger county, residents of Chatham, Munising and Forest Lake, have signed up for flight training under the GI Bill of Rights.

The men who signed up to take the flying course are: Leslie Elya, John Pittsley, Bruce Lanterman, Patrick Kelly, William Marsh, Richard Oas, Zane Grimes, Francis Pond, Royce Pierson, Harold Johnson and Lionel Spencer.

As soon as possible, when the snow is off Hanley airfield near Whitmore and flying conditions are normal, the classes will begin, Mr. Long stated.

## Woman Shaken Up When Truck Hits Car Friday Night

Munising—Miss Stella Vinskosi, minor injuries when the automobile she was driving was struck by a truck near the Paper Mill, Friday evening at about 8:30 o'clock. Miss Vinskosi was taken to a local hospital following the accident, but was immediately released.

Icy roads at the time of the accident caused the truck driven by Delas R. Lee to slide into the rear of the Vinskosi car, Police Chief Urban Trombley reported.

## MUNISING BRIEFS

Pfc. and Mrs. Harley M. Stankovich of Shingleton, left Saturday for Roswell, N. M., after spending two weeks with Mr. and Mrs. John Stankovich, parents of the soldier.

Try a For Rent Ad today.

## Cars Collide Near Ranger Station On M-28—None Hurt

Munising—An automobile driven by Frank Hill, Chatham, collided broadside with a car driven by Edward Louman, Eben, Friday night at approximately 11:00 p. m. near the Ranger station just off Highway M-28 on the south side of Munising.

Damage to the automobiles was slight and no persons were injured, Police Chief Urban Trombley reported.

Louman, who had attended the basketball tournament at the Mather high school, became confused and lost himself on the streets in the south section of town when he drove away from the school building, the police chief reported after investigation of the accident.

Searching for Highway M-28, Louman drove down an alley which opened onto the highway. As he pulled out onto M-28, the Hill automobile plowed into him, the investigation officer stated.

## Bowling Notes

Munising—Games scheduled in the Bay Shore Women's Major Bowling League for Monday, Mar. 17, have been announced as follows:

7:00 p. m.—Bowerman's Home Furniture vs. Rebels on alleys 1 and 2; Bay Shore Recreation vs. Putvin's Drug Store on alleys 3 and 4; Leach's vs. Chalmers on alleys 5 and 6.

9:00 p. m.—Beach Inn vs. Spearman's on alleys 3 and 4; Miller's Grocery vs. Quins on alleys 5 and 6.

## TAKE PART IN WORLD RELIEF

## Local Methodist WSCS To Send Small Items Abroad

Munising—Women of the Methodist church WSCS organization will hold a "sacrificial" meeting Wednesday afternoon at 2:30 in the church parlors for relief of European persons.

Instead of each member bringing an item of food for the customary pot-luck meal as has been done at preceding meetings, Mrs. Earl Ness, president, is requesting each person attending to bring some item which will be sent to various relief centers in foreign countries. Members will thereby forego the enjoyment of the pot-luck meal at the meeting, she said.

Rev. Einar Soderberg, local minister of the Methodist church, is assisting the ladies in this relief program and stated yesterday that Czechoslovakia and Italy are at present in need of items which he feels the ladies can furnish.

Rev. Soderberg said that Premysl Pitter, Milicuvdum 1836, Prague 11, Czechoslovakia, is caring for a large number of German war orphans between the ages of two and fourteen who are in need of shoes, tooth brushes and tooth paste or powder. The shoes, he said, should be in good repair to be of any help.

In Italy, he stated, Robert Barus of the American Friends Service Committee in Rome is in need of old Christmas cards in good condition for work with children. Persons served by this group are also in need of sweets (honey, chocolate, maple sugar, sugar and soap, the minister said. The work of this group is being done in a very poverty-stricken section of Italy, he mentioned.

## Co-ops Are A Billion Dollar Business Now

By S. BURTON HEATH

New York, (NEA)—The non-scheduled air carriers, operating an average of two planes each, had been paying more than 30 cents a gallon for 91-octane gasoline. Mechanical work for their craft had been costing \$3 an hour, and everything else in proportion.

The other day 64 of them got together and formed a corporation to do their buying. Now they get gasoline for less than 15 cents, mechanical work for \$2.25 an hour, and other supplies at wholesale cost.

That is an excellent illustration of how the co-operative movement, which is under attack in some quarters, works.

To some the term, "Co-op" suggests the farmers' buying cooperatives through which they get grain, seed, fertilizer, gasoline, tools and supplies. To others it means marketing co-operatives of which the California Fruit Growers and their "Sunkist" brand are best known.

The mutual savings bank in which you leave spare money at interest, the mutual life insurance company in which you have a policy, the credit union to which you belong, all are cooperatives.

But the movement has much wider scope than that, and is spreading every year into new fields.

A farmer living near Elk City, Okla., had his son's appendix removed. The boy was in a hospital eight days. The father paid \$215 in all. Then he joined the co-operative Elk City Community Hospital. He had to buy one \$50 share, and for a family of four he pays \$25 a year dues. When his daughter needed an appendectomy he took her there. She spent ten days in hospital, and the total bill was \$42.

The co-operative movement really began in 1844, when 28 jobless weavers in Rochdale, England, pooled one pound each of savings and started the first successful co-op store.

It has spread now until last year it did more than a billion-dollar business in this country alone. The latest figures available, from the Bureau of Labor Statistics, estimate that in 1945 there were 27,036 consumer co-ops, with more than 19 million members.

There are co-ops that run stores, restaurants, recreational facilities, hospitals. There are co-ops that mine and sell coal, refine and sell

gasoline, make and sell many products. There are co-op banks, insurance companies, credit institutions, public utilities. There are co-ops that market cotton, wool, tobacco, honey, prunes, wine, mushrooms, nuts, vegetables, beef, poultry, dairy products, grain. There are housing co-ops and radio co-ops.

Some are small, but others blanket their field: Almost all cranberries 90 per cent of all lemons, a third of all dairy products, Fortune Magazine estimates are handled by co-ops, though you and your friends buy them from privately-owned stores.

These operations explain why the co-operative movement has come under heavy fire by business interests that feel they are being deprived of customers and revenue.

## Co-ops vs. Critics

Most criticisms seem to boil down to these:

1. The co-op movement is tending toward socialism. To this co-operative point to the very small proportion of most business that they do, and contend that any group has a right to get together and do things for itself.

2. The co-op movement is given unfair assistance through tax exemptions. The fact is that co-operatives are subject to every tax imposed on any corporation or business, in similar fields, except the corporate income tax. Their exemption from this is shared by every individually owned business and every partnership.

The "dividends" that they pay

are taxed, or not, according to the same rules as for a privately-owned business. If "dividends" are in fact price cuts on goods purchased, they are not taxed. Neither are trade discounts given by private sellers, or the "dividends" given by some department stores which are actually percentage refunds on the cost of the year's purchases.

But "dividends" that are really additional payments for goods sold are subject to income tax. So are genuine dividends on the capital stock of co-operatives.

The profit made by co-operatives on sales to non-members is subject to tax, just like the profit made by stores on sales to customers.

The meat of genuine controversy is "savings" or "profit" which instead of being distributed to buyers or sellers is held for reinvestment in the business. The National Tax Equality Association believes these should be taxed. The Courts say they should not.

3. Co-ops are aided by government banks. The 13 Banks for Co-operatives lend at four per cent, up to 60 per cent of value, for the purchase of facilities. They lend at 2½ per cent for op-

erating capital, and at 1½ per cent for commodity loans. But, the co-ops say, they get a large share of their money from private banks on better terms than the government grants. And private businesses get RFC loans.

4. Co-ops get research, service and educational assistance from government departments. To which their friends retort by calling attention to tariffs, subsidies, research and educational work done by government agencies for the benefit of any business.

5. Co-op stock is exempt from Securities and Exchange regulations. They are not subject to anti-trust laws. These both are true. Since the co-ops deal almost exclusively with their own members, their friends question how important the exemptions are.

Cortez, Spanish explorer and conqueror, discovered that Aztecs of Mexico brewed and drank chocolate 400 years ago.

In 1946 two 80-year-old oil wells were still producing in Pennsylvania.

In England, peanuts are called "earthnuts."

DAILY PRESS BLDG.  
111 Cedar StreetHOME ART TO BE  
CLUB FEATURENewberry Clubwoman to  
Discuss Theme Here  
Tuesday P. M.

"Arts In The Home," will be the theme of a talk given by Mrs. Francis Furlong of Newberry, at the Tuesday afternoon meeting of the Manistique Women's club at Lakeside school. She will bring an exhibit of work with her to illustrate her talk.

Many local club members will remember Mrs. Furlong who was guest at the Manistique club's first meeting this year when it entertained Upper Peninsula, State and District officers. At the present time Mrs. Furlong is district second vice president, district chairman of creative and fine arts, editor of the district newspaper "News from the Club Fronts," and state chairman of creative and fine arts committee.

Music for the meeting will be selections by Mrs. C. L. Bystrom, pianist, and Miss Cynthia Hucklestep, violinist, both of Newberry. The annual election of officers is to be held immediately preceding this meeting.

Pictures of the Mother Goose program taken at the last meeting will be at this meeting and those desiring prints may order them at that time.

## Briefly Told

**Women's Society**—Members of the Presbyterian Women's society will meet Wednesday afternoon in the church parlors. Hostesses are Mrs. E. T. Lundstrom and Mrs. Jack Quick. A good attendance is requested.

**Dedication**—New Sunday school hymnals will be dedicated this morning in the First Methodist Sunday school, which will begin at 9:30 a. m. instead of 9:45 today to allow time for the dedication.

**Camera Club**—A regular meeting of the Manistique Camera club will be held Monday evening at 8 o'clock at the home of Carl F. Anderson. A good attendance is desired.

**Mary C. Watt Guards**—A regular meeting of Mary C. Watt Guards will be held Tuesday evening at the home of Mrs. Alex LaLonde, North Fourth street. Pot luck lunch will be served.

**Philathea Class**—The Philathea Class of the First Baptist church will meet Wednesday at 8 p. m. in the church parlors. Hostesses are Mrs. John Anderson, Mrs. Eugene Swingle and Miss Hazel Gillingham. A good attendance is desired.

**V. F. W. Auxiliary**—A meeting of the VFW Auxiliary, Schoolcraft County Post No. 4420, will be held Monday evening at 8 o'clock in Denny's private dining room. The president urges all members to attend.

**Dance Postponed**—The Lincoln PTA Hospital Fund Drive dance, which was announced for April 5, has been postponed until April 11, due to Holy Week, according to the chairman of the dance committee, Mrs. Golden Brock.

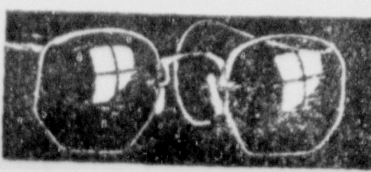

**Ladies' Aid**—The Ladies' Aid society of the First Baptist church will meet Wednesday at 2 p. m. in the church parlors. Pot luck lunch will be served.

**Evening Circle**—The Evening Circle of the W. S. of C. S. of the Methodist church meets Tuesday evening at the home of Mrs. Ray McCarney. Members are reminded to bring their special envelopes. All members are urged to be present.

**Bake Sale**—A bake sale, sponsored by the American Legion Auxiliary, Manistique Post No. 83, will be held March 21 in the Light Store.

She's  
Smarter  
Now!

After months of squinting, frowning, and snubbing folks—because she wouldn't wear eyeglasses—this little lady now enjoys good vision and good friends—with our eyewear.

P. P. Stamness  
Optometrist

**ENGAGED**—Mr. and Mrs. Curtis Clark announce the engagement of their daughter, Miss Margaret Clark, Gulliver, to Melvin Gonder, son of Mrs. Gonder of Manistique.

The wedding will take place in June.

## Social

**Bethany Society**  
The Bethany society of the Zion Lutheran church met Thursday evening in the church parlors.

During the business session plans were made for a mid-summer festival. Devotions were led by Mrs. Edward Nylander. Hostesses for the meeting were Mrs. Harry Ahlstrom and Miss Marie Ahlstrom.

**Shower**  
Mrs. Bernard Chaudoir was honored at a dessert shower party given for her recently at the Emmet McNamara home on Lake street.

Cards were played during the evening with prizes being awarded in bridge to Mrs. Jack Archambeau, high, and Mrs. James Dupont, second. In five hundred Mrs. Irene Jacobs received high, and Mrs. Norman Martin second. Mrs. Anthony Nastoff received the special award.

Mrs. Chaudoir received many lovely gifts. Hostesses were Mrs. McNamara and Mrs. O. F. Smitts.

**Home Makers Give Rug Making Tips To Good Will Club**

An interesting and instructive afternoon was provided members of Good Will club at its regular meeting Thursday by Harriet Gideon and Mary Moon, home extension leaders, who showed those present how to braid 4-strand rugs without sewing them.

Their instruction was as follows: Fold strips of cloth like bias. Sew four ends together, braid the length desired for the center. Put a safety pin on the end of each strip to serve as a needle. Turn, braiding as before, using the safety pins to pull the strips through the original braid instead of sewing with needle and thread. This makes a rug that isn't continually tipping, it was explained.

Four rugs were displayed: a crocheted cord, a knotted yarn, a woolen hooked and a loom made rug.

## ANNOUNCEMENT

We wish to announce that the John Deere Dealership in Manistique, which is to open in the next few days will be known as the Farmers Implement Co.

Watch for our formal opening date and the John Deere Day, April 10.

Signed:

RAY KNAUF  
RICHARD RORICKWILL CAMPAIGN  
FOR HOSPITALThose Wanting Hospital  
Should Vote For It  
Says Committee

Cooperation of the press and of all agencies in general who are interested in the welfare of the community, is being asked by A. J. Cayia, chairman of the Schoolcraft County Memorial Hospital committee in acquainting the public with the need for an up to date hospital in the community.

This cooperation was requested of the Daily Press in a letter of recent date and was also expressed at a meeting of the members of the hospital committee held Friday evening.

Sentiment favoring the hospital, the committee reports, has been generally favorable. Some very heartening personal donations have been received. Many clubs and organizations have already donated and plans are being made for parties and drives within these organizations for donations to the cause.

The main objective however, at least for the present, is to acquaint the public with the grave need for a hospital so that all who are interested in having such an institution here and who have the privilege of voting, will vote for the bonding issue in the general election of Monday, April 7.

At Friday evening's meeting it was decided that greater effort be expended to acquaint the public with what a hospital means to Schoolcraft county and the duty of everyone to vote on the question.

**Manistique VFW Plans Election Next Wednesday**  
Schoolcraft County Post No. 4420, Veterans of Foreign Wars, will meet Wednesday, March 19, at 8 p. m. at the K. C. hall for the purpose of nominating and electing officers for the ensuing year.

Officers to be filled are post commander, senior vice commander, junior vice commander, quartermaster, post advocate, chaplain, surgeon and trustees.

Commander Ackerman urges all paid up members to attend and assist in the election Wednesday evening. Refreshments will be served after the meeting.

fund, and May 3 has been set as the date. The next meeting, on March 27, will be a stork shower for a club member.

CAR  
INSURANCE

We have notice that car insurance will be higher April 1. Call on us now for low cost safe insurance, and save money.

School Children  
To Aid In Drive  
For Seal Sales

Children in Schoolcraft county schools will be privileged to assist in the purchase and sale of Easter Seals distributed by the Schoolcraft County Society for Crippled Children to support special services to crippled children and handicapped adults.

The 1947 Easter Seal campaign, directed by Mrs. Carl F. Anderson, county chairman, will continue through April 6, Easter Sunday. The general campaign is now well under way and very satisfactory results are being reported although the returns yet are still far from complete.

The campaign among the school children will not begin until the last of the week.

The drive is a part of a nationwide campaign and is endorsed by such prominent people as President Harry Truman, General Omar Bradley, Harvey Firestone, Graham Patterson, Samuel Cardinal Strich and hundreds of others.

**Lakeside PTA Will Observe Fathers' Night**  
Thursday evening's meeting of the Lakeside-Central PTA will be in the nature of "Fathers' Night" with a program devoted to fathers of the organization and the men folks being privileged to serve the lunch.

At the meeting, which will be held at the high school auditorium, Professor Ebersole of the Northern Michigan College of Education at Marquette will give the address of the evening with Russia as his theme for discussion. J. Earl Cousineau will sing a number of Irish selections. The meeting will begin promptly at 8:30 o'clock.

Mr. and Mrs. Eldon Norton have named their infant son Walter Eldon. The baby was born March 3 at the Shaw hospital.

Off The  
Chest ...

BY JAY ARRELL

It is only natural that with the near approach of March 17, one should be reminded of things Irish. America owes much to these hearty and self-reliant people. We love to do them honor at this time. And when we think of the Irish in Manistique, who else should come to mind but our old friend P. K. (Paddy) Miles?

Now there may JAY ARRELL be other people in Manistique who have a closer connection with the "Ould Sod" than Mr. Miles, because we know that he was born in New York state, but his lilt of speech and genteel manners—traits that make him one of the most beloved personages in the town—are definitely of that little bit of green heaven.

Mr. Miles is fast approaching his middle eighties and his steps have, naturally, slowed a bit, but he walks erect with a confident stride, is well groomed, has a cheery greeting for everyone and is alert to the past and the present.

Perhaps our reason for bringing this up was suggested by a newspaper clipping we came upon a few days ago. In it he is pictured dressed in the full regalia that members of the Manistique Volunteer Fire Department affected on festive occasions at that time. He is shown in company with Martin O'Hara and George K. Moody—the latter was sheriff of Schoolcraft county in 1886, at the time the picture was taken.

Mr. Miles' picture was particularly impressive. He was broad of shoulder, deep of chest, slender of waist and his entire bearing reflected a temperate and clean-living man. We may add that his large handlebar moustache was entirely becoming, even to present day standards.

Our friend, we are assured, did far more as a fireman than pose for pictures. There were many fires in Manistique in the late eighties and early nineties. Buildings were made of white pine lumber, and Manistique was a boom town. There were lots of fires in those days—fires that burnt down to a clean white ash.

"Saves Me  
Both Time  
and Money"

"I'VE MADE the most wonderful discovery—A laundry that not only gives me Monday for my own use, but saves money, too! With Manistique Laundry's good service, all I have to do is empty the hamper once a week—and my laundry comes back, spic and span. I'm actually saving by letting the Manistique Laundry do my washing for me!"

MANISTIQUE LAUNDRY

Phone 95

And it seems that during certain periods—particularly 1893—mercantile establishments had a way of going up in smoke just about the time business was the most rotten.

A certain other old timer recalls how he looked out of his living quarters above his store one Christmas morning just in time to see a merchant across the street kick out his basement window lights. That was one of the many bad fires Paddy Miles helped fight.

Our friend's strength, alertness and cool-headedness under any emergency earned for him a reputation that has gone down the years. There were no gas driven pump trucks in those days and the fire fighting equipment was crude. There were no fire zones then and a fire alarm was an awe inspiring thing that could mean most any-

thing. For that reason the good work of Paddy Miles is worthy of lasting praise and gratitude.

Mr. Miles came to Manistique in 1882. It has been his home ever since. What a wonderful book his memoirs would make.

The Shamrock Has  
A Grand Meaning—

Tradition has it that St. Patrick drove the snakes out of Ireland. Be that as it may, the big historical fact is that this great and good man converted a whole country to Christianity. His use of the shamrock to explain the meaning of the Holy Trinity has not been improved upon. People of Irish descent should wear with pride the green ribbon on March 17.

## Manistique News

Will Study Girl  
Scouting Needs  
In Local Survey

"The work of helping more girls have better Girl Scouting in Manistique is the immediate aim of the local Girl Scout Council," said Mrs. Earl H. LeBrasseur, local commissioner, who is making a survey of the pressing needs of the Manistique organization.

"Although the Girl Scout organization is the largest girls' group in the world, it could be much greater and reach many more girls if there were enough women who would give their time and interest to the movement," she continued. "Practically every Girl Scout troop has a waiting list of girls who want to be Scouts. More leaders, assistant leaders and troop committees are needed to open additional troops for all the would-be Scouts. If these are not forthcoming, there is no alternative to the 'wishing and waiting' list. It is up to the grown-ups—to the women, in fact—as to how many girls can have the benefits of Scout training and a camping experience. Without their interest, support and action, there can be no Girl Scouting."

To complete the necessary data for the survey, the commissioner has invited all girls who wish to become Scouts to attend the Girl Scout Rally which is being held at the Lincoln gym Saturday afternoon at 2 o'clock.

NEW BUS RUN  
OPENS MONDAYGreyhound To Operate  
From Sault To  
Gould City

Announcement of a new bus route between Sault Ste. Marie and Gould City, where connections will be made for Gladstone, Escanaba and the west, is made by P. L. Radcliffe, general traffic manager of Great Lakes Greyhound Lines. Service will start Monday, March 17, said Mr. Radcliffe.

The coach will leave Sault Ste. Marie at 8:35 a. m. and will arrive at Gould City at 10:45 a. m. making connections with the Northland Greyhound bus for western Michigan, Wisconsin, Minnesota and the west. Returning, the bus will leave Gould City at 3:25 p. m. and will arrive in Sault Ste. Marie at 5:43 p. m. The route followed will be through Rudyard, Trout Lake, Burnet, Millecoquins and Engeline.

## City Briefs

Mr. and Mrs. John Ponkey of Pompano are the parents of a son born March 10 at the Shaw hospital.

Visitors at the Frank Quinn home, South Second street, on Wednesday were: Mr. and Mrs. A. Hancock, Mrs. Paul Carlson and daughter, Peggy, and Mrs. Julius Hancock, of Newberry.

Mrs. Robert Orr and children, Elizabeth and Molly, have left for several weeks' visit with relatives in Milwaukee. They were accompanied by Mr. Orr and James Ostrander, of Curtis, who are spending the weekend there.

Mr. and Mrs. Dewayne Gilroy are visiting in Port Huron with the former's parents, Mr. and Mrs. Ernie Gilroy. They were called by the illness of the senior Mrs. Gilroy.

Mr. and Mrs. Alphonse LaVigne of Chicago are visiting here for a few days with the former's mother, Mrs. Josephine LaVigne, and his other relatives.

Miss June Gray underwent an appendectomy on Thursday at the new hospital.

Mr. and Mrs. Thomas Anderson are left for Chula Vista, Calif., where they will visit with Mr. and

TOM BOLGER  
MANAGER

## GLADSTONE

PHONE 3741  
RIALTO BLDG.

## City Briefs

Lawrence Maki S 1/c, son of Mr. and Mrs. Mack Maki, Gladstone Route One, returned to the naval base at Pensacola, Fla., following a 20-day leave spent here.

Mr. and Mrs. George Pada and son, Donald, are leaving this morning for Chicago and Michigan City, Ind., where they will spend a week visiting relatives and friends.

Mrs. Vernon Peterson was dismissed from St. Francis hospital on Friday and is at the Yens Peterson home, 1401 Michigan avenue.

Bob Leonard and Les Hermanson are spending the week-end in Lake Linden, Mich., where they are attending the basketball tournament.

PLAN BASEBALL  
MONDAY NIGHTMeeting Of Players And  
Fans At Legion  
Hall At 7

Baseball plans for 1947 will be talked over at a meeting of players, fans and all other interested persons to be held Monday evening at 7 o'clock in the Legion hall.

Reports on the past season will be presented and tentative plans made for the current season.

An official meeting of the Rainbow league will be held the following Sunday, March 23, at Marquette. This has been called by Orville Wieland, league president.

The Rainbow league was formed in 1939, with four teams entered. They were Gladstone, Manistique, Munising and Escanaba. A similar league operated in 1940, but it was enlarged in 1941. A wartime lapse followed with the league being revived in 1946, when a six-team league consisting of teams from Gladstone, Marquette, Munising, Escanaba, Chatham and Trenary was formed.

**Plan To Enter League Again**

It is probable that Gladstone will rejoin the Rainbow league for the 1947 season, with decision expected to be reached at the Monday meeting. Gladstone finished in second place, behind Marquette, for the 1946 season.

The Redskins, Gladstone's entry in the league, was sponsored last season by the American Legion and backed by baseball boosters of the community. It finished its season with a cash surplus sufficient to purchase new uniforms for the coming season.

It is not definitely known as yet what the composition of the Rainbow league will be for the 1947 season, although it may be presumed that it will include all or most of the 1946 teams. League officers in addition to Mr. Wieland are Emil L'Heureux of Escanaba and Gene Short of Marquette.

Founders' Day Is  
Observed Tuesday

A Men's Social and Founder's Day program is to be presented Tuesday evening at 8 o'clock in the Mission Covenant church. Refreshments will be served by the men of the church at the conclusion of the program.

Program details:  
Song, Audience.  
Invocation, Rev. C. V. S. Engstrom.

Song, Male Quartette, Ollie Nelson, Noble Swenson, Walter Olson, Einer Olson.

Founder's Day Message, Theo. Solberg.

Instrumental number.  
Vocal solo, Albert Vietzke.  
Talk, Rev. S. Carlson, district superintendent.

Song, Male Quartette.  
Announcements.  
Song, Audience.  
Benediction, Rev. S. Carlson.

Girls Ensemble To  
Sing For Kiwanians

The Gladstone high school Girls' Ensemble will sing at the Kiwanis anniversary party in Escanaba at the Sherman Hotel Monday evening.

Numbers to be presented are "In the Still of the Night" by Cole Porter, "Syncopated Lullaby" by Sinn, and "Row! Row! Row!" as arranged by Swift.

Irving Johns, Jr., will direct.

Hockey Team Will  
Meet On Tuesday

An important meeting of the Gladstone Indians hockey team is to be held at the home of Fred Pepin, 219 South Tenth street, Tuesday evening at 7:30 o'clock.

All players and persons interested in hockey are urged by the hockey committee to attend as important matters are up for discussion.

Golf Club Board  
In First Session

Directors of the Gladstone Golf club are to have their initial meeting of the new fiscal year Monday evening at the Soo Line depot. It is announced by President J. E. Trombley.

During World War II it is estimated that American pilots in American planes shot down more than four enemy planes for every one they lost.

Mrs. David Livingstone, formerly of Manistique.

## In Memoriam

In sad but loving memory of our beloved husband and father, Thomas Erickson sr., who passed away 6 years ago today, March 16, 1941:

Gone is the face we loved so dear,  
Silent is the voice we loved to hear;

Too far away for sight or speech,  
But not too far for thought to reach.

Sweet to remember him who once was here,  
And who, though absent is just as dear.

Sadly missed by  
Mrs. Thomas Erickson sr.,  
and Family  
Stonington

FRANK QUINN  
IN CITY RACEFour Candidates Now  
Seeking Posts On  
Commission

Filing of Frank Quinn's nominating petition brings to four the number of candidates now in the race for city commissioner at the spring election on April 7.

Petitions filed previously were for Mason Meyer, George Mathison and Henry Cassidy. The latter is completing his first term as a member of the local governing body.

Two commissioners are to be named for full terms. Fred Schram, the other commissioner whose term is expiring, is retiring.

The term of Atty. Alger Strom as justice of peace is also expiring. Thus far none has indicated a desire to run for the office.

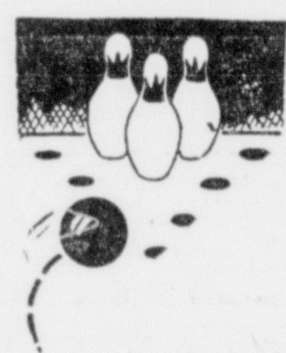

## Obituary

## MRS. JOHN HERBST

Funeral services for Mrs. John Herbst will be held Monday afternoon at 2 o'clock at the Kelley Funeral Home. Mrs. Herbst died Wednesday morning at 4:30 o'clock at the Cadioux hospital in Grosse Pointe. Elder Rex Stowe will officiate and interment will be made in Fernwood cemetery.

Survivors include two sons and two daughters. They are Mrs. Albert Derouin, Van Dyke; Norma Herbst and Richard Herbst, Van Dyke; and Cpl. John Herbst, Jr., in Italy.

## Attention Bowlers

Leagues are now being reorganized, for both ladies and men.

SCHOOL GIVEN  
DEBATE PLAQUEDetroit Free Press Is  
Donor Of Trophy  
Again

Gladstone high school has been awarded a wall plaque "for excellence in debate work" during the past season, it was learned yesterday. It is a University of Michigan plaque and is awarded by the Detroit Free Press.

Plaque are awarded all teams in Michigan participating in interscholastic debate work which win fifty per cent or more of their debates.

A total of 51 schools in Michigan representing 49 per cent of the participating schools won the awards.

Members of the Gladstone team were Helen Canuelle, Pat Bolger, Marilyn Bredahl and Margaret Hult.

Daniel Neville was the coach.

Presbyterian Choir  
To Sing Here Today

The choir of the Presbyterian church of Escanaba under the direction of Louis Hildebrand will sing two anthems, "All in the April Evening" by Robertson and "Bless the Lord, O My Soul" by Ivanof, as well as the liturgical music at the 11 o'clock service today in Memorial Methodist church. The Methodist church choir will sing at the Escanaba church.

## FLIVVERS DROP 46-35 BATTLE

Free Throw Accuracy Is Margin Of Victory For Mountaineers

The Mountaineers of Iron Mountain, who weren't even seeded in the Class B play at Manistique, captured the district Class B championship last night by walling their fellow townsmen, the Kingsford Flivvers, 46-35, before a large crowd of fans at the Manistique high school gymnasium.

Iron Mountain won its victory the hard way. They nudged Manistique out of the running in an opening round game Thursday night, 41-39, and then eliminated Menominee, 34-33, in a hectic semi-final game Friday.

Against the top seeded Kingsford Flivvers, however, the Mountaineers were superb. Each team scored 13 field goals but the Mountaineers dumped in 70% of their free throws, scoring 20 points on charity tosses for the second success night.

Iron Mountain grabbed the lead in the second period and was never headed.

A total of 46 fouls figured in the ball game, three fouls being called on a single play, two of them on Iron Mountain. The Mountaineers lost Izzo and Hosking via fouls, Izzo in the third period. Kingsford lost four men via the foul route — Galbraith, Annear, Gunnville and Rice.

In a preliminary the Manistique Reserves defeated the Seniors, 36-25.

The box score of the championship game:

Iron Mountain	FG	F	FM	PF
Mortenson	3	5	2	1
Pozza	3	5	4	4
Johnson	3	2	0	3
Izzo	3	4	0	5
Hosking	0	4	1	5

## Richards Elected Pro Tennis Czar

New York, March 15 (P)—Vince (Vinnie) Richards of New York, was named commissioner of professional tennis today at the organization of the World Professional League.

The new organization, which claims all the better U. S. pros are members, will have offices here and in Beverly Hills, Calif.

Anthony I. Owen of Detroit was elected president and Schuyler Van Bloom of Forest Hills, N. Y., vice president.

Richards said that the 1947 pro tourney would be held at the West Side club, Forest Hills, July 6 to 13, and that the first tourney under the new organization would be the \$10,000 indoor meet at Philadelphia, starting next Monday.

Precious and semi-precious stones are found in nearly every state in the Union, North Carolina having the greatest variety. Aquamarines, emeralds, diamonds, amethysts, rubies, sapphires, and others, are found there.

## BRAVES PUT UP BITTER BATTLE

Gladstone Defeated By Vikings, 33-28, In Class C Match

The Gladstone Braves lost the Class C district championship to the Norway Vikings at Norway last night, 33-28, but they went down fighting and were in the thick of the shooting all of the way.

The Braves throttled the heavy scoring Vikings in the opening period in which Gladstone took a 7 to 3 lead but Norway, defending Upper Peninsula champs in Class C, found the range in the second stanza and led, 15-11, at half time.

The Vikings widened the spread in the third quarter when they again outscored the Braves but the Delta team was only eight points behind at the three-quarter post, 28-20.

The Braves put out a determined effort in the final quarter and although they whacked three points off the Viking lead, they were unable to close the gap and the firing ended with Norway on top, 33-28.

Each team lost two men on fouls, Gillis and Richards of Gladstone, and DeBaaker and Ahlard, of Norway, the Vikings' high scoring twins.

## Dartball

In the final matches of the dartball season, last Tuesday, St. Stephens defeated Bethany Lutheran by scores of 7 to 3, 2 to 4, and 5 to 3. Home runs: R. Priddle (St. Stephen's), C. Carlson (Beth. Luth.).

Central Methodist won the hard way by coming from behind in the third game to shove First Methodist deeper in the league cellar. The scores for this match were: 7 to 11, 15 to 5, and 7 to 5. Home runs: J. P. Ness, C. Robinson and D. Walker (First Meth.).

As a fitting close to the season just completed the St. Stephen's team will be feted at a banquet for league members and their wives to be held at St. Stephen's church at 6:30 p. m. on Tuesday, March 18.

## Tee Shot In Pond, Hogan Blows Up In Jacksonville Open

BY WILLIAM GOBER, JR.  
Jacksonville, Fla., March 15 (P)—The third round of the \$10,000 Jacksonville Open Golf tournament was played over a rain-sodden course today and when the splashing was over, Ben Hogan had blown sky high and Big Clayton Heafner was out in front by a stroke.

The mighty little shotmaker from Hershey, Pa., met his downfall on the 140-yard, sixth hole when his tee shot fell in a small pond to the left of the green. It took 11 strokes to get the ball into the cup, a record high for a par-three hole in tournament competition.

Heafner carded a two under par 70 to place his 54-hole total at 207, nine strokes under regulation figures. In second place at 208 was Herman Keiser, Akron, O., who shot a 69 today.

Tied for third at 210 were Ed Furgol, Detroit, who had a 73 today, and Lew Warshaw, Washington, D. C., with 71.

## POWERS LOSES 29-38 SCORE

Hermansville Unable To Overcome Closing Rush Of Perkins

Vulcan took the Class E district tournament finals at Rapid River tonight, beating Powers 38-29; and Perkins the Class D championship by defeating a strong Hermansville team 41-31.

At the close of the two championship games, the captains of the two top teams were presented with the Class trophies. Captain Bray of Vulcan was presented with the Class E trophy; and Captain Vandecaveye of Perkins with the class D.

Vulcan took the Class E championship by virtue of a first half lead. Jumping into a gallop at the opening gun, the Vulcan lads amassed an 8 point lead at the quarter, a 14 point lead at the half.

In the second half, Powers came back hard, and in the third period it was anybody's game, with Powers having a 7 point advantage at the third period bell. The fourth quarter was pulled and haul basketball; but Vulcan's early lead was too big to overcome.

Bray of Vulcan was the game's high point man with 12 points.

In the Class E championships, the Perkins Coach Gaudin's Gallipers had fulfilled the boasts. By winning the Class E championships, Perkins succeeded in vindicating the early season boasts of Coach Gaudin. And at the start of the game, it didn't look as though they would. Hermansville got in their best licks during the first quarter, leading by 4 points at the bell. With the opening of the second period, Perkins turned on power, and from there on in was Perkins — by a very slight edge. At no time, however, was the final score certain.

Pierpon of Hermansville captured high scoring honors of the game with 18 tallies; Ledvina of Perkins was second with 14.

## Touring Britishers Confident Of Taking Ryder Cup Matches

London, March 15 (P)—British professional golfers Dai Rens and Charlie Ward, returning from a tour of the American winter circuit, expressed confidence today in the Ryder Cup team's chances against the United States next fall.

"There is no reason why we should not beat them," said Rens. "Charlie and I were up with the best of the Americans all the time—it was only on the greens that we did not make it."

Measurements show that at the mouth of the Hudson river the tidal elevation on the New York side is about one inch greater than on the New Jersey shore opposite.

Development of textile machinery in the 18th Century became a race between machines to aid weavers and those to aid spinners, first one and then the other outstripping its sister industry in speed of production.

McPhail-Rickey Feud Flares; Yankee Boss Demands Hearing

ASKS CHANDLER TO INVESTIGATE

Claims Dodgers' Conduct Is Detrimental To Baseball

St. Petersburg, Fla., March 15 (AP)—The smouldering squabble between Larry McPhail, president of the New York Yankees, and the Brooklyn Dodgers flared into the open today when McPhail asked Baseball Commissioner A. B. Chandler to probe remarks "allegedly made" by Dodger officials.

In a strongly worded letter asking for a hearing into the statements, McPhail said the remarks "if false" constitute "conduct detrimental to baseball."

McPhail, who said he was joined in his request for a hearing by Will Harridge, president of the American League, said the remarks "reflect upon the character and integrity" of the New York baseball club.

Specifically, McPhail asked Chandler to investigate these points:

- 1. "Statements alleged to have been made by Branch Rickey," president of the Brooklyn club.
- 2. Articles appearing in the Brooklyn Eagle and "allegedly written" by Dodger officials.
- 3. Determine whether the Dodger officials "are responsible for the utterances" and whether they are true or false.

Hearing Will Be Held

McPhail went on to say "either the president of the Brooklyn Dodgers made the statements or he has been misquoted."

Chandler himself was away from the city. However, his secretary Walter Mulbury said "we will set an early date for the hearing as soon as Rickey and Du-rocher can be contacted."

Earlier this week McPhail told news men he would ask Chandler to check on remarks made by the Dodgers which he said had two notorious gamblers as guests at an exhibition game in Havana.

McPhail also said he would protest quotations attributed to Rickey in which the Dodger boss is supposed to have said: "If I saw these men in Brooklyn Park I would have them thrown out. Apparently there are rules for Du-rocher and other rules for the rest of baseball."

NEWS TO RICKEY

Pensacola, Fla., March 15 (AP)—Branch Rickey, president of the Brooklyn Dodgers, here to take a personal hand in the teaching of some 300 baseball students in the Ellyson Field camp stopped just long enough today to shrug his shoulders and make a passing statement regarding Larry McPhail's charges against him.

Rickey, a cigar in the side of his mouth, said in response to a question about McPhail's charges: "I don't know much about what they're talking about."

He turned back to say a word to Arthur Mann, his public relations specialist, corrected a boy in the sliding pit, and then remarked further:

"I don't know a darn thing about it."

Fight With Shkor Offered Joe Louis

Boston, March 15 (AP)—Rip Valenti, Goodwin A. C. matchmaker, said late today he had offered Heavyweight Champion Joe Louis \$100,000 and 40 per cent of the gate to risk his title against Johnny Shkor at a Boston park this summer.

Shkor, a Bostonian, upset the dope last night by gaining an eight round technical knockout victory over Tami Mauriello of New York, the number one contender for Louis' throne.

Valenti, who promoted last night's bout, explained that he would "scale the ball park, probably Fenway Park (home of the Boston Red Sox), to average \$6 or \$7 a seat—with a \$20 top and \$2 the cheapest seat."

He added that the "fight should draw 35,000 to 40,000 fans."

Buckeye Stadium Dormitory Burns

Columbus, O., March 15 (AP)—Fire fighters brought under control a roaring fire in the first floor of Ohio State University's big football stadium today after unestimated damage to the Buckeye Club and a dormitory.

Preliminary surveys indicated the damage was confined to the first floors of the club and the adjoining dormitory.

No one was injured. Spring vacations had left only 25 students in that section of the structure.

When traveling in the 18th century, many people carried with them small silver boxes holding nutmeg so that they could spice their food as they wished. These boxes had an inner lid made like a grater to rub the nutmeg on.

It is estimated that more than 35 per cent of Americans either work on farms, in industries which process farm products or furnish goods and services to farmers.

Grade Schools To Play On Tuesday At The VFW Game

Washington in the 5th grade division and St. Joseph in the 6th won out in the semi-final rounds of the Grade School tournament played yesterday morning at the junior high gym. Washington beat the St. Joe 5th graders 31-2; and the St. Joseph 6th graders beat Franklin in the biggest upset of the season, 15-11.

The finals of the Grade School tournament will share honors Tuesday night at the junior high gym with the Northern Lakes league game between the VFW's of Escanaba and the Northern Improvements of Marinette.

In the 5th grade finals next Tuesday, Washington will meet Franklin at 6:30; and in the 6th grade finals, St. Joe will meet Webster at 7:15.

Between the halves of the VFW-Northern Improvement game, the winners of the preliminaries, the 5th and 6th grade champions, will receive sweater emblems. And the Franklin 6th graders will receive the plaque for having the highest pre-tournament standing in the Grade School league.

Radio In Review By John Crosby

Beulah is a radio character who has wandered restlessly from network to network and radio program to radio program like a lost sheep. Way back in 1939 the late Marlin Hurt originated Beulah, a Negro maid with a perpetually distressed voice, on a comedy program called "Hometown, Unincorporated" on NBC. In 1943 Beulah drifted away from Hometown to become Fred Brady's girl friend in a program called "That's Life" also on NBC.

Beulah's next job was opening the door at Fibber McGee's house, where she attracted considerable national attention, so much, in fact, that she was given her own program as a summer replacement on CBS in 1945. The program was good enough to be continued as a regular winter show, which came to an end when Hurt died in 1946. There followed a twelve month search for a voice to replace Hurt's which ended when the program's producers signed Bob Corley, of Atlanta, Ga., who says he had a Negro mammy who sounded just like Beulah. Mr. Corley can be heard as Beulah on ABC, 9 p. m. E. S. T. Mondays.

I'm not entirely sure Beulah is worth all this explanation except as a bit of radio folklore showing how a radio character, once well under way, is perpetuated virtually forever. Beulah, as I recall, was pretty funny on the Fibber and Molly show but then she didn't have to carry an entire half hour by herself. Beulah is now the harassed maid of the Jones family, which is composed of young Harry Jones and Aunt Alice Jones, who devote much of their time toward rescuing Beulah from the scrapes her boy friend Bill gets her into.

Bill is shiftless, scheming, grasping and everlastingly hungry and he is always on the verge but never quite marries Beulah, which provokes much of the discussion in the Jones household. I'm afraid Bill also sounds a little too much like de Kingfish in Amos 'n' Andy.

"We gotta assume the canine." "Assume the canine?" "Put on de dog."

That's a fair example of Bill's conversation. Recently Bill bought a piece of land with Beulah's money. The property looked for a moment as if it might contain oil, but you and I knew all along that it wouldn't. This sort of by-play isn't enough to fill half an hour so several other minor characters bob into the Jones household now and then with their problems which are entirely unrelated to the rest of the plot. One of them is a man named Mr. Frank who sounds like Titus Moody and who exists in a state of total confusion. The act never varies much and goes something like this:

"Howdy do." This is Mr. Frank at the front door.

"Howdy do, Mr. Frank."

"What brings you here?"

"You de one dat rang de door-bell."

"Uh... I did? You mean I'm outside and you're on the inside?"

"That's right."

"I thought this room was rather large. What's that?"

"That's the front hall mirror. That's your reflection in it."

"Oh my! Gotta get that fixed."

There's also another character who stutters ba-hup, ba-hup and whistles, a device you can get tired of in an awful hurry. That about sums up Beulah. There really isn't anything the matter with it except that it isn't very funny and, at times, the writing seems a little aimless.

It's also at times sentimental to an extraordinary degree. Unabashed sentiment seems to be a new trend in comedy programs. You find an awful lot of it in the new movies too. Maybe it's a sign of the times. For all I know we are headed into a postwar era in the popular arts, not at all like that of the last war, but like that after the Napoleonic wars which culminated in Queen Victoria.

GETTING THE FORM — Outfielder Jim Delsing cracks out a long one with plenty of form at Chicago White Sox training camp in Pasadena, Calif., with Bud Scully catching. (NEA Photo.)

The Sports Parade By Ken Gunderman

Forty basketball teams will participate in the Hermansville Gold Medal tournament, which opens Monday night. The firing will continue in two divisions every night, with the finals booked for next Sunday. There are 24 teams in the B division of the tournament and we were amazed when we studied the plat and learned that it had been improperly drawn,

with a bye in the semi-final round an unpardonable error. A cardinal rule of all tournament plats is that byes must come in the first round and as many byes as are necessary should be placed in the first round to bring the plat to perfection by the second round.

Did we hear somebody say that an Upper Peninsula professional baseball league would have difficulty securing experienced team managers? An item about the proposed league was published in the current issue of the Sporting News, baseball's printed forum, and although the paper has been on the newsstands only a couple days, applications are arriving in every mail. We are informing all such applicants that the league will not operate in 1947, but why not try again in 1948?

Form favorites generally came through in opening rounds of the district basketball tournaments. A major upset was Marquette's convincing victory over the Negaunee Miners in the semi-finals of the Class B competition at Marquette, 48-39. The district tournaments will net a sizable profit for the state association this year but not every tournament laid a golden egg. The Manistiquie tournament undoubtedly will not meet all of allowed expenses to competing teams because the home favorite bowed out in the opening round. The balance will be paid by the state association from receipts of the profitable district tournaments.

Rudy York Signs, Last Sox Holdout

Sarasota, Fla., March 15 (AP)—First Baseman Rudy York, the last Boston Red Sox holdout, signed his 1947 contract today after a conference with Manager Joe Cronin. No terms were announced.

The slugging first sacker, acquired from Detroit a year ago, was a key man in the Sox' first pennant win since 1918. Playing 154 games, York hit .276 driving in 87 runs.

Cronin said York was in good shape, weighing 130 pounds less than he did a year ago.

Boxers Train At Junior High Gym

Amateur boxers who plan to participate in the boxing program to be held here in April will begin training Monday evening at 7:30 o'clock at the junior high school gymnasium.

Any boxers who are interested in participating in the April boxing card are invited to attend the training sessions, but spectators will not be permitted.

BASEBALL

West Palm Beach, Fla., March 15 (AP)—Four Philadelphia Athletics pitchers handed out 16 bases on balls today as the Boston Braves came from behind to take a 6 to 3 decision in eleven innings of an exhibition baseball game.

Joe Coleman's wildness gave the Braves victory. He entered the game in the eleventh and promptly walked in the deciding run but the Braves went on to tally twice more.

Boston (N) 000 102 000 03—6 10 3  
Phila. (A) 210 000 000 00—3 14 2  
Lanfancini, G. Elliott (4), Barrett (7) and Brady, Masl (5); Dietrich, Savage (4), McCahan (6), Coleman (11) and Rosar, Astroth (6).

Lakeland, Fla., March 15 (AP)—A spitting Florida rain didn't keep the Detroit Tigers off the practice field today as Manager Steve O'Neill set out to sharpen the hitting eyes of a team that had only 17 hits to show for its last three exhibition games.

Tiger "regulars" who lost a 4 to 3 Grapefruit League decision to the St. Louis Cards in 10 innings yesterday were separated from the rest of the squad to hit against the batting practice offerings of Frank (Stubby) Overmire, fast recovering from a sore arm, and Freddie Hutchinson.

Running, and a long infield drill filled out the day's program as Coach Frank Shellenback spent more than an hour hitting fungos to the first string Tiger outfield of Dick Wakefield, Hoot Evers and Pat Mullin.

O'Neill nominated Pat (Dizzy) Trout and Hal White to hurl Sunday's exhibition game against the New York Yankees as Detroit seeks to level its spring record at three wins and three setbacks.

Los Angeles, March 15 (AP)—Andy Pafko slammed a four-run homer in the fifth inning and Bill Nicholson followed him with another as the Chicago Cubs belted the Cleveland Indians today 7-5 in an exhibition baseball game.

In both the eighth and ninth innings, the Tribe had the bases filled with two out, Johnny Schmitz retired the side each time by striking out Pat seery and Pinch Batter Don Ross.

San Diego, Calif., March 15 (AP)—The New York Giants won the opener of a two game series from the Chicago White Sox today, 6-3.

Rookie Whitey Lockman homered with one on in the first inning off Ed Lopat to start the Giants on their way to victory.

The Giants clinched the game with a brace of tallies in the eighth.

New York (N) 200 011 020—6 13 0  
Chicago (A) 010 002 000—3 9 0

yard dash mark.

With Earl Mitchell running a sparkling mile anchor leg to edge Notre Dame's Bill Leonard by three yards, Indiana's distance medley relay team set a new university division record of 10 minutes, 21.9 seconds. The old mark of 10:24.5 was established 12 years ago by Michigan State college.

McKenley, who last night was clocked at :30.3 in the Central AAU meet at the Chicago fieldhouse to better the American indoor 300-yard dash record of :31.2, streaked to a .07.1 preliminary victory in the 70-yard dash to equal the Tech record. The mark previously was shared by three men.

Try a For Rent Ad today.

McKENLEY SETS 440 YARD MARK

Other Records Broken In Illinois Tech Relays

BY JERRY LISKA

Chicago, March 15 (AP)—Hurrying Herb McKenley, University of Illinois runner from Jamaica, tonight bettered his own American indoor 440 yard record with a sizzling .47.9 performance in the Illinois Tech relays at the University of Chicago field house.
